FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of *Discount* to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.—Several complaints having reached this Office of much injury having been done to the Letters sent in the Mails, owing to the use of a description of Wax, which when exposed to the heat, adheres to whatever is brought in contact with it, the public are recommended not to use any other Wax for the purpose of closing letters intended for despatch by Dák than the hard Country Sealing Wax, which is entirely free from the objection above mentioned.

This notice has been called forth by several successive reports coming in of late from different parts of the Country, in which it is stated, that great difficulty has been frequently found in separating the letters, and that many are unavoidably torn open in the attempt.

It is stated that the Wax in question is used at several of the Public Offices.

The Letters received for Transmission to England, marked for despatch by the "*Carnatic,*" were also forwarded by the "*Gunga,*" the destination of the *Carnatic* having been changed.

NOTICE.—Several complaints having reached this Office of much injury having been done to the Letters sent in the Mails, owing to the use of a description of Wax, which when exposed to the heat, adheres to whatever is brought in contact with it, the public are recommended not to use any other Wax for the purpose of closing letters intended for despatch by DÀK than the hard Country Sealing Wax, which is entirely free from the objection above mentioned.

This notice has been called forth by several successive reports coming in of late from different parts of the Country, in which it is stated, that great difficulty has been frequently found in separating the letters, and that many are unavoidably torn open in the attempt.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired; and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFER ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors so long as the Court shall continue to manage the Goods of individuals.

2d. Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2 3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in Quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 10 days sight

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.—Several complaints having reached this Office of much injury having been done to the Letters sent in the Mails, owing to the use of a description of Wax, which when exposed to the heat, adheres to whatever is brought in contact with it, the public are recommended not to use any other Wax for the purpose of closing letters intended for despatch by Dâk than the hard Country Sealing Wax, which is entirely free from the objection above mentioned.

This notice has been called forth by several successive reports coming in of late from different parts of the Country, in which it is stated, that great difficulty has been frequently found in separating the letters, and that many are unavoidably torn open in the attempt.

It is stated that the Wax in question is used at several of the Public Offices.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward, and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CHAS. B. GREENLAW, *Secretary.*

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

Fort William, Genl. Post Office, the 14th July, 1835.

NOTICE.—Several complaints having reached this Office of much injury having been done to the Letters sent in the Mails, owing to the use of a description of Wax, which when exposed to the heat, adheres to whatever is brought in contact with it, the public are recommended not to use any other Wax for the purpose of closing letters intended for despatch by Dák than the hard Country Sealing Wax, which is entirely free from the objection above mentioned.

This notice has been called forth by several successive reports coming in of late from different parts of the Country, in which it is stated, that great difficulty has been frequently found in separating the letters, and that many are unavoidably torn open in the attempt.

It is stated that the Wax in question is used at several of the Public Offices.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward, and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-Keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.—Several complaints having reached this Office of much injury having been done to the Letters sent in the Mails, owing to the use of a description of Wax, which when exposed to the heat, adheres to whatever is brought in contact with it, the public are recommended not to use any other Wax for the purpose of closing letters intended for despatch by Dâk than the hard Country Sealing Wax, which is entirely free from the objection above mentioned.

This notice has been called forth by several successive reports coming in of late from different parts of the Country, in which it is stated, that great difficulty has been frequently found in separating the letters, and that many are unavoidably torn open in the attempt.

It is stated that the Wax in question is used at several of the Public Offices.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward, and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CHAS. B. GREENLAW, *Secretary.*

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20· 42' to 20· 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21· to 21· 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT 1831.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2 3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 10 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,
ECCLESIASTICAL DEPARTMENT,

The 8th July, 1835.

Notice is hereby given, that the Ecclesiastical Duties of the Parochial Districts of Calcutta, according to the limits defined and published in the *Government Gazette* of the 3d of April 1828, from and after the 1st of January 1836, will be discharged by the Chaplains of the respective Parishes; and that the following Rules have been sanctioned in communication with the Right Reverend the Lord Bishop, and with the authority of the Hon'ble the Governor General of India in Council, for giving effect to this arrangement:

I. All persons residing within the Parochial Districts respectively as laid down in the year 1828 under the sanction of the Supreme Government, will apply, when they require the performance of any Ecclesiastical Offices, to the Officiating Clergy of their Districts.

II. The Officiating Clergy of each District will celebrate Marriages whether by License or by Banns in any of the District Churches of Calcutta, the name of the Church being specified in the body of the License where the Marriage is by License; and, where the Marriage is by Banns, the Banns being duly asked in the District Church or Churches where the parties reside.

III. Burials will be performed by the Clergymen of the District where the Deceased resided, either in the Burial Ground heretofore known as the Cathedral Ground, which is to be common to all the Districts, or in separate Grounds attached to the several Churches, when such shall be obtained.

IV. In like manner, the administration of Baptism, Churching of Women, and Visitation of the Sick, will be performed by each Chaplain in his own Parochial District.

V. All Fees and Gratuities for the performance of Ecclesiastical Offices in all the Districts shall be paid monthly as realized to the present Chaplains of the Cathedral, during the whole period of their respective incumbency. But on the departure for Europe, removal from the Presidency, or Death of either of them, the half part only of the Fees shall be paid to the remaining Chaplain, the other half being paid to the Officiating Clergyman; and on the removal of the second and remaining Cathedral Chaplain, the whole of the Fees shall be paid to the Officiating Clergyman; the new Chaplain or Chaplains of the Cathedral receiving thenceforth only the Fees arising from the performance of the duties of their own District, like the other Clergy.

VI. The Vestry Clerk will collect all the Fees paid on account of Funerals as at present, and pay the money monthly to the two Reverend Chaplains of the Cathedral so long as the present Chaplains continue there; and one half,, when there is only one, the other half going to the Officiating Clergyman; and finally, he will pay the whole to the several Clergymen who officiate, whoever they may be.

VII. The Fees of the present Vestry Clerk will be reserved to him without diminution during his continuance in his Office; but after his removal they will go to the respective Clerks of the Districts where the duties occur.

VIII. If any occasional interruptions occur, where there are two Chaplains to a District Church to their performance of the Ecclesiastical Offices by alternate weeks, in consequence of individuals inclining more to one Chaplain than to the other, from friendship, ties of consanguinity, or other, cause, the regular Clergyman of the week is on such occasions to give way and to expect no account from his Colleague of the Fees connected with such special calls excepting in the case of Burials. Or, if interruptions occur from the absence of one of the Chaplains, whether that absence be from necessity or from choice, the Officiating Clergyman is to receive the Fees.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information :

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

Custom House, Port Louis, Mauritius, 25th April, 1835.

GENTLEMEN,

THE operation of the 27th Section of Act 7 and 8, Geo. 4, Chap. 56, was suspended in the month of March 1829, pending a reference to Britain, by an Act of the Executive Council of this Island, whereby Goods, the growth, produce, or manufacture of the United Kingdom and of the British Possessions in America were admitted into the Mauritius from Calcutta and places other than Great Britain and the said British Possessions in America.

In consequence of late letters from the Hon'ble the Commissioners of His Majesty's Customs, London, it seems probable that the power of a Colonial Government to suspend the operation of a British Law, will not be recognised, and, as the Section alluded to, is repeated verbatim in the present Plantation Law 3 and 4 Will. 4, Cap. 59, Sec. 27., we consider it to be the intention of the British Legislature to permit Goods, the growth, produce or manufacture of Great Britain and of the British Possessions in America, to be imported into this Island only from the United Kingdom and the Possessions in America, but not from any of the British Possessions within the Limits of the East India Company's Charter, and we use the freedom of requesting you to warn persons intending to ship such Goods, that in all probability they will, on their arrival here, be subjected to the payment of Foreign duties.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1831.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following: –

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20· 42' to 20· 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21· to 21· 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information :

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20 48' N. with the Light on the Point, bearing West to W by S If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconvenience or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

Regulation III. of 1830.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFEE ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

LAW COMMISSION.

Extract from a Letter addressed to the Secretary to the Indian Law Commissioners by the Secretary to the Government of India, under date the 15th June, 1835.

Para. 2. The Commissioners are requested to frame a complete Criminal Code for all parts of the British Indian Empire, and for every class of people of whatsoever religion, or nation, resident within its limits.

3. The Code which the Commission are requested to prepare, for submission to the Legislative Council, ought not merely to be a digest of existing Laws, Usages, and Regulations, but, whilst it will of course embody all that the Commission may think good in these, it ought to comprise all the reforms in our Criminal jurisprudence, which the Commission may think desirable. The Code must be in every way complete, as, from the day on which it shall be promulgated, every other law whatever relating to Criminal justice, will at once be abolished. Not only will every thing in the Code be law, but nothing relating to this branch of jurisprudence not in the Code, will be law. Whatever portions, therefore, of the Mahomedan Law, of the Regulations, of the Statute, or of the Common Law of England it may be proposed to retain in operation, must be inserted in the Code.

4. In preparing the Code there are two great principles which it is hoped may never be lost sight of, and in conformity with which the most minute details in the rules of procedure, as well as the great provision of the new law, ought carefully to be modelled. The first of these is the ascertaining of truth with the smallest possible cost of time and money, whether to the State or to individuals; and the second is the suppressing of Crime with the smallest possible infliction of suffering, whether to the innocent or the guilty.

5. Uniformity ought to be an object constantly aimed at by the Commission; an uniformity as regards places, and more especially an uniformity as regards persons. Different definitions of Crime, different modes of procedure, or different measures of punishment, ought never to be established for different races or sects of men, without a clear and strong reason for doing so; nor ought a peculiar law to be made applicable to a particular Province, or Town, without some cogent motive of expediency or necessity.

6. In this work the Indian Law Commissioners are requested cautiously to abstain from the use of vague terms which include within their legal meaning a great variety of offences, different from each other. Every Act which it is intended to make Criminal must be clearly and separately defined, and it must be provided that no indictment that shall not follow the words of some one of the definitions of the Code shall be valid, nor any accused person convicted whose act, as proved against him on trial, shall not come distinctly within the definition in the indictment.

7. In drawing up the provisions of the Code, conciseness ought to be carefully studied, as far as may consist with perspicuity. It is believed that perspicuity and matured conciseness, so far from being incompatible, will in general be found to be identical.

8. The wording of the Code must be simply definitive and imperative, and no argumentative matter whatever ought to be admitted into it. In submitting the result of their enquiries and deliberations, the Commissioners are requested to append notes to the Code which they may propose to have enacted, assigning their reasons for all provisions contained in it, of which the reasons may not be obvious.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors so long as the Court shall continue to manage the Goods of individuals

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large *Red Flag* flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CHAS. B. GREENLAW, *Secretary.*

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

Assistant Secretary to the
Lottery Committee.

CALCUTTA, AUGUST 15, 1835.

** The Tenth and Last Day's Drawing will take place on Saturday, the 29th day of August 1835.

NEW
Calcutta Laudable Society,

INSTITUTED ON THE 1ST JANUARY, 1835,
BY TRANSFER FROM THE

Seventh Calcutta Laudable Society,

(The first of the series instituted on the 1st of Jan. 1795,)

AND INCORPORATED WITH THE

THIRTEENTH
Supplementary Laudable Society,

ON THE 1ST JULY, 1835.

DIRECTORS:

T. E. M. TURTON, Esq.
R. H. COCKERELL, Esq.
B. HARDING, Esq.
Captain J. W. J. OUSELEY,
W. BRUCE, Esq.
Baboo DWARKANAUTH TAGORE,
T. HOLROYD, Esq.
C. B. GREENLAW, Esq. and
W. H. TWENTYMAN, Esq.

The object of this Society is to secure a certain Provision at the lowest possible rate; the value of each Share at 6,000 Rupees is, on an average, about an equal return for the Premiums paid which would have resulted from the lately projected Government Insurance Office; whilst the extremely economical scale of management in the New Laudable Society, less than 1¾ per Cent. upon the Annual Premium, enables the Directors to look forward with confidence to a considerable Surplus. They have the authority of Mr. Curnin, that with a fair share of the business of the Public, the rates of Insurance in the New Laudable Society, will yield, on an average, upwards of Sa. Rs. 8,000 per Share. Whatever it may be, it is at present proposed to divide the Surplus amongst the Survivors in equal proportion to the Premium paid by them respectively.—Should the Shares be continued at Sicca Rupees 6,000, and the out-turn yield Sa. Rs. 8,000, the Society will divide amongst its Surviving Members, on each term of five years, the whole of the Surplus,—being equivalent to one-fourth of the total Premium subscribed. Successive accumulations will enable the Insurer to discontinue a proportionate number of Shares; thus combining the two important functions of an Insurance Society and a Savings Bank, upon a considerable scale. In Insurances for securing Marriage Settlements and, for other similar objects, the advantages of this system are obvious.

Hence, the above Society is strictly one of mutual Insurance, in which there is no division of interests amongst the parties concerned; consequently, there being no Proprietors distinct from the Assured, who are at once Proprietors, Assurers and Assured, the Society stands independent of the control of individuals in the character of Patrons, Presidents, Directors, &c. chosen by a body of Proprietors, not necessarily Assured in the Society, and deriving profit from the Subscriptions of the Assured.

Half yearly Meetings of the Assured are held, to which the accounts of the Society are submitted.

STATE OF THE SOCIETY

On the 1st August, 1835.

Lives Insured 481 } on { Shares 1258, averaging 2⅗ per Life, or Sa. Rs. 15,600 at Sa. Rs. 6000 per Share.

FUNDS.

SICCA RUPEES 4,30,000,

(Exclusive of Sa. Rs. 4000 paid on each lapsed Share since 1st January last), invested in Government Securities and deposit of Government and Bank Stock.

The lapses during the first half year amounted to 1⅜ per cent. or 2¾ per cent. per annum.

Present value of lapsed Shares, Sa. Rs. 18,288 per Share.

Insurances taken from ¼ to 10 Shares on one Life.

Application for Copies of the Rules and Regulations of the Society,—Blank Forms for Life Insurance and Admission to the Society,—to be made to the Secretary.

By Order of the Directors,

J. CULLEN, *Secretary.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest; appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,

GENERAL DEPARTMENT,

THE 19TH AUGUST, 1835.

Under the Orders of the Hon'ble the Governor of Bengal, the following Nautical Notice, received from His Excellency Rear Admiral The Honorable Sir Thomas Bladen Capel, K. C. B., Commander in Chief of His Majesty's Naval Forces in India, is published for general information.

G. A. BUSHBY,

Secy. to Govt.

LIGHTHOUSE AT SYDNEY, MACQUARIE TOWER. *From Capt. P. P. King, R. N., F. R. S., &c.*

THIS lighthouse, which is known by the name of Macquarie Tower, stands on the southern head of the entrance to Port Jackson. It shews a red revolving light; the entire revolution being performed in one minute and a half; but at the distance of five to eight miles the light never entirely disappears. The greatest brilliancy lasts from ten to fifteen seconds. The light is shewn at dusk every evening. The tower was constructed in 1818, with white stone, and stands on the brink of the cliff. It forms a conspicuous object, and the light from it may be seen from a ship's deck at the distance of ten leagues.

On running up the coast from the southward, a good offing should be preserved, if the weather be dark or thick, until the light be seen, in order to clear the projection of the coast of Botany Bay, the land of which is comparatively low. On some occasions, the current sets there to the south-west towards the shore.

COCKBURN SOUND, AUSTRALIA.

The following account of the buoys in Cockburn Sound has been extracted from the Perth Gazette, forwarded to us by the Surveyor-General, Lieut. J. S. Roe, R. N.

THE CHALLENGER BUOY, painted black, is moored in six fathoms water, about twenty-five yards to the north east of the Challenger rock, which is nearly awash, and is situated near the north-western termination of Sea reef, extending a mile and a quarter in a north-west direction from the north-west point of Garden Island. This buoy is visible from a ship's deck, through a spy-glass, at the distance of five or six miles, and is a principal object to be made out by a ship approaching the channel between Carnac and Garden Islands.

STAGS BEACON, painted black, is placed about three furlongs in the direction of S. 65° E. (magnetic) from the Challenger buoy, in five fathoms water, about five yards to the N. N. W. of a small rock, with only six or seven feet water upon it. This rock is the northernmost of many which rise out of five and six fathoms water, and from a reef called the "Stags."

MID BEACON, painted white, is situated opposite to the Challenger buoy, in nearly four fathoms water, and in a line with the outer small island off the south point of Carnac, towards which it is intended shortly to remove it about eighty yards, into three fathoms on the southern edge of Middle Shoal. Mid Beacon will then float at the distance of 100 yards to the S. S. W. of eight and nine feet water on the Middle Shoal.

FLAT LEDGE BEACON, painted white, is placed in three fathoms and a half water, about 130 yards N. W. by W. from the Flat Ledge, a small reef, covered by only six feet water. This beacon will be shortly removed into three fathoms, about 130 yards in a south-east direction, to the south side of the Flat Ledge.

A ship may safely enter Cockburn Sound by passing to the north of the Challenger Buoy and Stags Beacon, and to the south of the Mid and Flat Ledge Beacons; steering S. E. by E. $\frac{3}{4}$ E. in Mid-channel. This course may be prolonged until the Flat Ledge and Mid Beacons are brought in a line; then haul up to the east, until the largest rock of the Stragglers, appearing as two small hummocks, comes in sight round the north-east point of Carnac. This will clear the north-east spit, which extends three-quarters of a mile from the north-east point of Garden Island, and a course may then be shaped for any part of the Sound.

To seaward of the Challenger, the principal dangers to be avoided are situated on the Five-fathoms Bank, and consist of Seaward Reef, a small patch, six or seven feet under water, about three miles and a quarter W. by N. (magnetic) from the north end of Carnac; and the Casuarina Shoal, with one and two fathoms upon it, about two miles and a half W. ½ N. from the north-west point of Garden Island. Farther to the south lies Coventry Reef, a small patch of rocks just awash, bearing S. 18½° W., and distant eight miles from some remarkable sand-hills on the coast near the middle of Garden Island, called "Sandown."

Lambert Channel, through which H. M. S. Alligator got to sea from Owen's Anchorage on the 19th of December, is a valuable outlet to sea or to Cockburn Sound, from Owen's Anchorage or Gage's Roads, without passing round Rottenest Island, which, during strong northerly winds that would distress a ship in either of these situations, may be considered almost impracticable. In the absence of means at the present time for buoying this channel, it may be found by keeping the summit of Buckland Downs a very little open to the south of the Mewstone, in the direction of N. E. ¾ E. and S. W. ¾ W. (magnetic.) This mark will carry a ship through in not less than four fathoms and about 100 yards to the northward of a small rock four or five feet under water, which is detached about a cable's length to the north-east of the breakers on the western bank, and is called the Passage Rock. At a cable's length to the north-west of it is a small patch of two fathoms and three-quarters. A ship must pass between them in four to five fathoms water, and then haul up to the W. by S. to avoid a small shoal spot with 3½ upon it. The soundings will then quickly deepen to 7, 5, 6, 8, and 9 fathoms, and a course may be shaped to pass half a mile to the westward of the Challenger Buoy. This channel being narrow, and not yet buoyed off, should not be attempted by a stranger without previously securing a boat or conspicuous cask near the Passage Rock, and another near the patch of two fathoms and three-quarters to the north-westward of it.

Medina Beacon, painted red, and the **Alligator Beacon**, white, point out the channel into Owen's Anchorage. The former is placed in four fathoms water, on the northern edge of the Parmelia Bank, which extends from Woodman's Point to Carnac; and the Alligator Beacon is in five fathoms water, on the southern spit of the Success Bank. They are nearly a mile apart, in a line between Fremantle and the Haycock on Garden Island, with seven to nine fathoms water between them. A ship should steer between them, and, after passing over a bank of three fathoms water, bring up about a mile from the shore, and nearly the same distance to the south-eastward of a beacon which has been placed in two fathoms water, at fifty yards to the westward of the Fish rocks. Should this beacon disappear, the Fish rocks may be found by keeping the largest Seal rock on with the south end of the Mewstone, and bringing the extremity of Rous' Head in a line with a conspicuous large sand patch on the coast to the northward.

The *Snapper Buoy* and *Pointer Beacon*, as represented in the printed chart of 1831, have not been laid down, in consequence of the channel between Carnac and the Western Bank, for which they were intended as leading marks, having been found too intricate for general use, until means are available for marking off some of the principal dangers in it. The same cause has superseded the present necessity for placing the *Basket Beacon*, at Second Head, and the *Brothers Beacon*, at Beacon Head; nor has it been considered necessary at present to place the *Spit Beacon* off the north-east point of Garden Island, the foregoing directions for avoiding it being amply sufficient for keeping a ship out of danger in that quarter.

15. RATING CHRONOMETERS AT THE MAURITIUS.

NOTICE.

Public notice is hereby given, that from the 25th of this month, a signal will be made from the Tower Observatory at Port Louis, on Tuesdays and Fridays, denoting the exact moment of one o'clock, mean time at Port Louis.

Facing the harbour, will be seen on the white ground of the observatory, and about one-third from the top, a large black sphere, which, by a communication from the inside, will disappear exactly at one o'clock.

It will only be necessary, therefore, for regulating chronometers, to observe either with or without a telescope, the exact moment when the black sphere disappears.

To give the better notice, a white and blue flag will be hoisted on the tower one hour before the time, on the above mentioned days, and which will be lowered about five minutes before one.

It being almost impossible invariably to avoid error, a white flag will be hoisted on the tower after the observation, provided by any chance a mistake has been committed.

The above being sufficient for ascertaining the true time and rates of chronometers, further notice is hereby given, that, after the 30th of this month, no chronometer will be received into the observatory, without their being paid for according to the following scale, to cover the current expenses of that establishment:—

Scale.—For every chronometer remaining not more than three weeks in the observatory, £1. 0s. 0d.

For every chronometer remaining a greater time than three weeks, per week, £0. 2s. 0d.

SATURDAY, AUGUST 29, 1835.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

H. T. PRINSEP, *Secy. to the Govt.*

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

Fort William, the 6th July, 1835.

SATURDAY, SEPTEMBER 5, 1835.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CHAS. B. GREENLAW, *Secretary.*

GOODS for ONE VESSEL taken to ANOTHER.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III Regulation III. of 1830.

If **GOODS** which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for **RE-LAND**, and subsequent **RE-EXPORT** to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections **XXVI.** and **XXVII.** of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board **NATIVE VESSELS**;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFER ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for **MAFFEE ROWANAHS**, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

NEW
Calcutta Laudable Society,

INSTITUTED ON THE 1ST JANUARY, 1835,

BY TRANSFER FROM THE

Seventh Calcutta Laudable Society,

(The first of the series instituted on the 1st of Jan. 1795,)

AND INCORPORATED WITH THE

THIRTEENTH
Supplementary Laudable Society,

ON THE 1ST JULY, 1835.

DIRECTORS:

T. E. M. TURTON, ESQ.
R. H. COCKERELL, ESQ.
B. HARDING, ESQ.
Captain J. W. J. OUSELEY,
W. BRUCE, ESQ.
Baboo DWARKANAUTH TAGORE,
T. HOLROYD, ESQ.
C. B. GREENLAW, ESQ. and
W. H. TWENTYMAN, ESQ.

The object of this Society is to secure a certain Provision at the lowest possible rate; the value of each Share at 6,000 Rupees is, on an average, about an equal return for the Premiums paid which would have resulted from the lately projected Government Insurance Office; whilst the extremely economical scale of management in the New Laudable Society, less than $1\frac{3}{8}$ per Cent. upon the Annual Premium, enables the Directors to look forward with confidence to a considerable Surplus. They have the authority of Mr. Curnin, that with a fair share of the business of the Public, the rates of Insurance in the New Laudable Society, will yield, on an average, upwards of Sa. Rs. 8,000 per Share. Whatever it may be, it is at present proposed to divide the Surplus amongst the Survivors in equal proportion to the Premium paid by them respectively.—Should the Shares be continued at Sicca Rupees 6,000, and the out-turn yield Sa. Rs. 8,000, the Society will divide amongst its Surviving Members, on each term of five years, the whole of the Surplus,—being equivalent to one-fourth of the total Premium subscribed. Successive accumulations will enable the Insurer to discontinue a proportionate number of Shares; thus combining the two important functions of an Insurance Society and a Savings Bank, upon a considerable scale. In Insurances for securing Marriage Settlements and, for other similar objects, the advantages of this system are obvions.

Hence, the above Society is strictly one of mutual Insurance, in which there is no division of interests amongst the parties concerned; consequently, there being no Proprietors distinct from the Assured, who are at once Proprietors, Assurers and Assured, the Society stands independent of the control of individuals in the character of Patrons, Presidents, Directors, &c. chosen by a body of Proprietors, not necessarily Assured in the Society, and deriving profit from the Subscriptions of the Assured.

Half yearly Meetings of the Assured are held, to which the accounts of the Society are submitted.

STATE OF THE SOCIETY

On the 1st August, 1835.

Lives Insured 481 } on { Shares 1258, averaging $2\frac{3}{5}$ per Life,

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

During the S. W. Monsoon from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconvenience or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance, effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information :

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information :

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar, and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

POSITION OF PILOTS.

REFERENCES having been made to the Marin Board, with a view to ascertain the position in whicl Pilot Vessels may be expected to be found at the differen Seasons of the Year, the following is published for genera information:

During the S. W. Monsoon, from the 15th of Marcl till the 15th of September, the Pilot Vessels cruize durin the day off Point Palmyras, anchoring during the night i a line East and West, in Latitude 20· 42' to 20· 48' N with the Light on the Point, bearing West to W. by S. If however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20· 42' to 20· 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21· to 21· 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of **SUGAR** for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of **SUGAR** for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15*th September*, 1835.

FORT WILLIAM,

General Department, the 29*th November*, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

SATURDAY, OCTOBER 3, 1835.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 16TH SEPT. 1835.

Notice is hereby given, that the Sub-Treasurers at Fort William, Fort St. George, and Bombay, the several Residents at Native Courts, and several Collectors of Land Revenue under those Presidencies, as well as the Collectors under the Agra Government, have been authorized to receive, until further orders, any sums of money, in even hundreds, of not less than 500, of Company's Rupees, which may be tendered on Loan to the East India Company, at an Interest of 4 per Cent. per annum, subject to the Provisions hereinafter specified.

2.—Audited Bills for arrears of Salary, whether the same shall have been advertised for payment or not, will be received in lieu of Cash Subscription without any deduction. Bills of Exchange on the Public Treasuries will also be received in Subscription to this Loan, with a deduction at the rate of 4 per Cent. per annum, for the period they may have to run. Treasury Notes and all authorized Public Demands will be received as Cash at par.

3.—The Pay Masters of the Army under the several Presidencies are also authorized to transfer any demands, which may be payable by them respectively, to this Loan, and to grant Drafts at the Presidencies of Fort William, Fort St. George, and Agra for the amount, in the usual manner, on the Accountant General; and at the Presidency of Bombay, on the Military Pay Master General; which Drafts shall be received by the several Officers above-mentioned, in payment of Subscriptions, on being tendered to them for that purpose.

4.—Furruckabad, Lucknow, Madras, and Bombay Rupees will be received where respectively current at par with the Company's Rupees, in which last-mentioned currency all Acknowledgments for the receipt of money into this Loan shall be expressed, and Calcutta Sicca Rupees, where these Rupees are current, will be received at the rate of 15 Sicca Rupees for 16 Company's Rupees. Interest when paid in these Rupees will be issued at the rates antecedently specified.

5.—The several Public Officers authorized to receive Subscriptions into this Loan will grant Acknowledgments in the following Form, for all sums received by them respectively:

"I hereby acknowledge that A. B. has this day paid
" into the East India Company's Treasury the sum of
" Company's Rupees
" for which he is entitled to receive a Promissory Note,
" bearing Interest from the (31st March or 30th Sep-
" tember next ensuing of the year in which the Sub-
" scription may be received, as the case may be) of the
" tenor and subject to the conditions specified in the
" advertisement published in the *Calcutta Gazette* of the
" 3d of October, 1835, and intermediately the same
" Interest from the date of this Acknowledgment to the
" (31st March or 30th September of the year of Subscrip-
" tion as above.)"

6.—The Deputy Accountant General at Fort William will, on the said Acknowledgments being delivered to him, forthwith cause to be prepared and issued to the parties entitled thereto Promissory Notes under the signature of the Secretary to the Government of India in the following Form:

"FORT WILLIAM, THE 31ST MARCH, 1836.

"Promissory Note at 4 per Cent. for Company's Rupees ——————————."

"The Governor General of India in Council does
" hereby acknowledge to have received from A. B. the
" sum of Company's Rupees
" as a Loan to the East India Company, and does here-
" by promise for and on behalf of the said Company, to
" repay the said Loan, by paying the said sum of Com-
" pany's Rupees
" to the said A. B., his Executors or Administrators, or
" his or their order, on demand, at the General Treasury
" of Fort William, after the expiration of three months'
" notice of payment to be given by the Governor General
" of India in Council in the *Calcutta Gazette*, and to pay
" the Interest accruing on the said sum of Company's
" Rupees
" at the rate of Four per Cent. per annum, by half
" yearly payments at the General Treasury of Fort
" William, to the said A. B., his Executors or Admi-
" nistrators, until the expiration of Three Months
" after such notice of payment as aforesaid, when the
" amount of Interest due will be payable with the
" Principal, and (such notice being considered as equi-
" valent to a tender of payment at the period appointed
" for the discharge of the Note), all further Interest shall
" cease.

" Secy. to the Government."

" Accountant General's Office,
Registered as No. of ."

7. The several Officers authorized to receive Subscriptions, will, on application from the Holders of Acknowledgments, transmit them (free of every expence whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes bearing Interest from the 31st March or 30th September next ensuing after the date of Subscription. The Interest accruing on the broken period of the half year, that may intervene between the date of Subscription and the 31st March or 30th September next ensuing, as the case may be, will be paid up at the time of granting the Acknowledgment.

8. Proprietors of Notes who may require the Interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present the Notes to him to have an Order for the payment of Interest at the said Treasury, written on the face of them under the signature of the said Officer, or that of the Deputy Accountant General. And after such Order shall, on the application of

the Proprietor, be inscribed on any Note, the Interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application for the purpose of transferring the payment to Bengal, to the Accountant General at Fort St. George, who, on such application being so made, will cancel the said Order by a writing inscribed as aforesaid, under the signature of himself or his Deputy. A similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the Interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgments who may desire to have the Interest of the Promissory Notes to be issued in exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments, before transmitting them to the Accountant General at Fort William, who will make the Interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or sub divided except by the Accountant General. But the Accountants General at Fort St. George and Bombay will, on application of the Proprietors of such Notes, and the payment of the established fees, transmit them to the Accountant General in Bengal for the purpose of being renewed or subdivided free of all further expence. In other respects the practice and rules heretofore in use in regard to the renewal and subdivision of Promissory Notes will be adhered to.

11. The said Notes shall be advertised for payment in the inverse order in which they shall have been placed upon the General Register—that is to say, the Notes last brought on the Register shall be first liable to be discharged. But all Notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other Notes for payment without waiting for the expiration of pending notices, and to discharge the Notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the Holders of Notes comprized in prior advertisements may have omitted by themselves, or their Attornies duly authorized, to apply for payment.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the begining of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*
Fort William, the 6th July, 1835.

TO LET, from the 1st of August next, to the remainder of the Lease at a Reduced Rent, the House in Park Street, at present occupied by the Surveyor General's Office. Enquire at the Civil Architect's Office, Fort William.

18th July, 1835.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information :

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap 107 and Cap. 111, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

CUSTOMS.

NOTICE is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th Instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

11th June, 1834. **G. J. SIDDONS**, *Collector.*

CUSTOM HOUSE NOTICES.

TO protect from **IMPOSITION** such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any **AFFIDAVITS** sworn in this Office on the subject of Custom House Business; nor are any **FEES** whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of **GUNPOWDER**, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of **DOCK YARDS**, and the **PUBLIC** at large, are requested to take notice, that no Goods, nor Packages, are allowed to be **IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED**, or removed from **VESSELS** to **SLOOPS** or **BOATS** after Shipment, without due sanction from the Office;—whether the same be liable to, or exempt from, **DUTY**. Attention is directed to Clause Seventh, Section XLV. to Sections LXI LXIV. LXXIV. LXXVII. LXXXIII & LXXXIV. of Regulation IX 1810; and to Section III of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1827, for Conditions of certain exemptions.—[20th March 18[illegible]]

GOODS for ONE VESSEL taken to ANOTHER.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III Regulation III. of 1830.

If **GOODS** which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for **RE-LAND**, and subsequent **RE-EXPORT** to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for GOODS RE-LANDED.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the

Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFEE ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, OCTOBER 7, 1835.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 16TH SEPT. 1835.

Notice is hereby given, that the Sub-Treasurers at Fort William, Fort St. George, and Bombay, the several Residents at Native Courts, and several Collectors of Land Revenue under those Presidencies, as well as the Collectors under the Agra Government, have been authorized to receive, until farther orders, any sums of money, in even hundreds, of not less than 500, of Company's Rupees, which may be tendered on Loan to the East India Company, at an Interest of 4 per Cent. per annum, subject to the Provisions hereinafter specified.

2.—Audited Bills for arrears of Salary, whether the same shall have been advertised for payment or not, will be received in lieu of Cash Subscription without any deduction. Bills of Exchange on the Public Treasuries will also be received in Subscription to this Loan, with a deduction at the rate of 4 per Cent. per annum, for the period they may have to run. Treasury Notes and all authorized Public Demands will be received as Cash at par.

3.—The Pay Masters of the Army under the several Presidencies are also authorized to transfer any demands, which may be payable by them respectively, to this Loan, and to grant Drafts at the Presidencies of Fort William, Fort St. George, and Agra for the amount, in the usual manner, on the Accountant General; and at the Presidency of Bombay, on the Military Pay Master General: which Drafts shall be received by the several Officers above-mentioned, in payment of Subscriptions, on being tendered to them for that purpose.

4.—Furruckabad, Lucknow, Madras, and Bombay Rupees will be received where respectively current at par with the Company's Rupees, in which last-mentioned currency all Acknowledgments for the receipt of money into this Loan shall be expressed, and Calcutta Sicca Rupees, where these Rupees are current, will be received at the rate of 15 Sicca Rupees for 16 Company's Rupees. Interest when paid in those Rupees will be issued at the rates antecedently specified.

5—The several Public Officers authorized to receive Subscriptions into this Loan will grant Acknowledgments in the following Form, for all sums received by them respectively:

"I hereby acknowledge that A. B. has this day paid
" into the East India Company's Treasury the sum of
" Company's Rupees
" for which he is entitled to receive a Promissory Note,
" bearing Interest from the (31st March or 30th Sep-
" tember next ensuing of the year in which the Sub-
" scription may be received, as the case may be) of the
" tenor and subject to the conditions specified in the
" advertisement published in the *Calcutta Gazette* of the
" 3d of October, 1835, and intermediately the same
" Interest from the date of this Acknowledgment to the
" (31st March or 30th September of the year of Subscrip-
" tion as above.)"

6.—The Deputy Accountant General at Fort William will, on the said Acknowledgments being delivered to him, forthwith cause to be prepared and issued to the parties entitled thereto Promissory Notes under the signature of the Secretary to the Government of India in the following Form:

"FORT WILLIAM, THE 31ST MARCH, 1836.

"Promissory Note at 4 per Cent. for Company's Rupees ——————————."

"The Governor General of India in Council does
" hereby acknowledge to have received from A. B. the
" sum of Company's Rupees
" as a Loan to the East India Company, and does here-
" by promise for and on behalf of the said Company, to
" repay the said Loan, by paying the said sum of Com-
" pany's Rupees
" to the said A. B., his Executors or Administrators, or
" his or their order, on demand, at the General Treasury
" of Fort William, after the expiration of three months'
" notice of payment to be given by the Governor General
" of India in Council in the *Calcutta Gazette*, and to pay
" the Interest accruing on the said sum of Company's
" Rupees
" at the rate of Four per Cent. per annum, by half
" yearly payments at the General Treasury of Fort
" William, to the said A. B., his Executors or Admi-
" nistrators, until the expiration of Three Months
" after such notice of payment as aforesaid, when the
" amount of Interest due will be payable with the
" Principal, and (such notice being considered as equi-
" valent to a tender of payment at the period appointed
" for the discharge of the Note), all further Interest shall
" cease.
" Signed by the Authority of the Governor General
" of India in Council,

——————————,
" *Secy. to the Government.*"

" *Accountant General's Office,*
Registered as No. of ."

7. The several Officers authorised to receive Subscriptions, will, on application from the Holders of Acknowledgments, transmit them (free of every expence whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes bearing Interest from the 31st March or 30th September next ensuing after the date of Subscription. The Intetest accruing on the broken period of the half year, that may intervene between the date of Subscription and the 31st March or 30th September next ensuing, as the case may be, will be paid up at the time of granting the Acknowledgment.

8. Proprietors of Notes who may require the Interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present the Notes to him to have an Order for the payment of Interest at the said Treasury, written on the face of them under the signature of the said Officer, or that of the Deputy Accountant General. And after such Order shall, on the application of the Proprietor, be inscribed on any Note, the Interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application for the purpose of transferring the payment to Bengal, to the Accountant General at Fort St. George, who, on such application being so made, will cancel the said Order by a writing inscribed as aforesaid, under the signature of himself or his Deputy. A similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the Interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgments who may desire to have the Interest of the Promissory Notes to be issued in exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments, before transmitting them to the Accountant General at Fort William, who will make the Interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or sub-divided except by the Accountant General. But the Accountants General at Fort St. George and Bombay will, on application of the Proprietors of such Notes, and the payment of the established fees, transmit them to the Accountant General in Bengal for the purpose of being renewed or subdivided free of all further expence. In other respects the practice and rules heretofore in use in regard to the renewal and subdivision of Promissory Notes will be adhered to.

11. The said Notes shall be advertised for payment in the inverse order in which they shall have been placed upon the General Register—that is to say, the Notes last brought on the Register shall be first liable to be discharged. But all Notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other Notes for payment without waiting for the expiration of pending notices, and to discharge the Notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the Holders of Notes comprized in prior advertisements may have omitted by themselves, or their Attornies duly authorized, to apply for payment.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 21st of that month, to direct that the following Extract (Paras. 12 to 14) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Ship-master, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20· 42' to 20· 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21· to 21· 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

NEW

Calcutta Laudable Society,

INSTITUTED ON THE 1ST JANUARY, 1835,
BY TRANSFER FROM THE

Seventh Calcutta Laudable Society,

(The first of the series instituted on the 1st of Jan. 1795,)
AND INCORPORATED WITH THE
THIRTEENTH

Supplementary Laudable Society,

ON THE 1ST JULY, 1835.

DIRECTORS:

T. E. M. TURTON, Esq.

W. BRUCE, Esq.
Baboo DWARKANAUTH TAGORE,
T. HOLROYD, Esq.
C. B. GREENLAW, Esq. and
W. H. TWENTYMAN, Esq.

The object of this Society is to secure a certain Provision at the lowest possible rate; the value of each Share at 6,000 Rupees is, on an average, about an equal return for the Premiums paid which would have resulted from the lately projected Government Insurance Office; whilst the extremely economical scale of management in the New Laudable Society, less than 1⅔ per Cent. upon the Annual Premium, enables the Directors to look forward with confidence to a considerable Surplus. They have the authority of Mr. Curnin, that with a fair share of the business of the Public, the rates of Insurance in the New Laudable Society, will yield, on an average, upwards of Sa. Rs. 8,000 per Share. Whatever it may be, it is at present proposed to divide the Surplus amongst the Survivors in equal proportion to the Premium paid by them respectively.—Should the Shares be continued at Sicca Rupees 6,000, and the out-turn yield Sa. Rs. 8,000, the Society will divide amongst its Surviving Members, on each term of five years, the whole of the Surplus,—being equivalent to one-fourth of the total Premium subscribed. Successive accumulations will enable the Insurer to discontinue a proportionate number of Shares; thus combining the two important functions of an Insurance Society and a Savings Bank, upon a considerable scale. In Insurances for securing Marriage Settlements and, for other similar objects, the advantages of this system are obvious.

Hence, the above Society is strictly one of mutual Insurance, in which there is no division of interests amongst the parties concerned; consequently, there being no Proprietors distinct from the Assured, who are at once Proprietors, Assurers and Assured, the Society stands independent of the control of individuals in the character of Patrons, Presidents, Directors, &c., chosen by a body of Proprietors, not necessarily Assured in the Society, and deriving profit from the Subscriptions of the Assured.

Half yearly Meetings of the Assured are held, to which the accounts of the Society are submitted.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 16TH SEPT. 1835.

Notice is hereby given, that the Sub-Treasurers at Fort William, Fort St. George, and Bombay, the several Residents at Native Courts, and several Collectors of Land Revenue under those Presidencies, as well as the Collectors under the Agra Government, have been authorized to receive, until further orders, any sums of money, in even hundreds, of not less than 500, of Company's Rupees, which may be tendered on Loan to the East India Company, at an Interest of 4 per Cent. per annum, subject to the Provisions hereinafter specified.

2.—Audited Bills for arrears of Salary, whether the same shall have been advertised for payment or not, will be received in lieu of Cash Subscription without any deduction. Bills of Exchange on the Public Treasuries will also be received in Subscription to this Loan, with a deduction at the rate of 4 per Cent. per annum, for the period they may have to run. Treasury Notes and all authorized Public Demands will be received as Cash at par.

3.—The Pay Masters of the Army under the several Presidencies are also authorized to transfer any demands, which may be payable by them respectively, to this Loan, and to grant Drafts at the Presidencies of Fort William, Fort St. George, and Agra for the amount, in the usual manner, on the Accountant General; and at the Presidency of Bombay, on the Military Pay Master General: which Drafts shall be received by the several Officers above-mentioned, in payment of Subscriptions, on being tendered to them for that purpose.

4.—Furruckabad, Lucknow, Madras, and Bombay Rupees will be received where respectively current at par with the Company's Rupees, in which last-mentioned currency all Acknowledgments for the receipt of money into this Loan shall be expressed, and Calcutta Sicca Rupees, where those Rupees are current, will be received at the rate of 15 Sicca Rupees for 16 Company's Rupees. Interest when paid in those Rupees will be issued at the rates antecedently specified.

5—The several Public Officers authorized to receive Subscriptions into this Loan will grant Acknowledgments in the following Form, for all sums received by them respectively:

"I hereby acknowledge that A. B. has this day paid
" into the East India Company's Treasury the sum of
" Company's Rupees
" for which he is entitled to receive a Promissory Note,
" bearing Interest from the (31st March or 30th September
" next ensuing of the year in which the Subscription
" may be received, as the case may be) of the
" tenor and subject to the conditions specified in the
" advertisement published in the *Calcutta Gazette* of the
" 3d of October, 1835, and intermediately the same
" Interest from the date of this Acknowledgment to the
" (31st March or 30th September of the year of Subscription
" as above.)"

6.—The Deputy Accountant General at Fort William will, on the said Acknowledgments being delivered to him, forthwith cause to be prepared and issued to the parties entitled thereto Promissory Notes under the signature of the Secretary to the Government of India in the following Form:

" FORT WILLIAM, THE 31ST MARCH, 1836.

" Promissory Note at 4 per Cent. for Company's Rupees ———————."

" The Governor General of India in Council does
" hereby acknowledge to have received from A. B. the
" sum of Company's Rupees
" as a Loan to the East India Company, and does hereby
" promise for and on behalf of the said Company, to
" repay the said Loan, by paying the said sum of Company's
" Rupees
" to the said A. B., his Executors or Administrators, or
" his or their order, on demand, at the General Treasury
" of Fort William, after the expiration of three months'
" notice of payment to be given by the Governor General
" of India in Council in the *Calcutta Gazette*, and to pay
" the Interest accruing on the said sum of Company's
" Rupees
" at the rate of Four per Cent. per annum, by half
" yearly payments at the General Treasury of Fort
" William, to the said A. B., his Executors or Administrators,
" until the expiration of Three Months
" after such notice of payment as aforesaid, when the
" amount of Interest due will be payable with the
" Principal, and (such notice being considered as equivalent
" to a tender of payment at the period appointed
" for the discharge of the Note), all further Interest shall
" cease.

" Signed by the Authority of the Governor General
" of India in Council,

———————,
" *Secy. to the Government.*"

" *Accountant General's Office,*
Registered as No. of ."

7. The several Officers authorized to receive Subscriptions, will, on application from the Holders of Acknowledgments, transmit them (free of every expence whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes bearing Interest from the 31st March or 30th September next ensuing after the date of Subscription. The Interest accruing on the broken period of the half year, that may intervene between the date of Subscription and the 31st March or 30th September next ensuing, as the case may be, will be paid up at the time of granting the Acknowledgment.

8. Proprietors of Notes who may require the Interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present the Notes to him to have an Order for the payment of Interest at the said Treasury, written on the face of them under the signature of the said Officer, or that of the Deputy Accountant General. And after such Order shall, on the application of

the Proprietor, be inscribed on any Note, the Interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application for the purpose of transferring the payment to Bengal, to the Accountant General at Fort St. George, who, on such application being so made, will cancel the said Order by a writing inscribed as aforesaid, under the signature of himself or his Deputy. A similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the Interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgments who may desire to have the Interest of the Promissory Notes to be issued in exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments, before transmitting them to the Accountant General at Fort William, who will make the Interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or sub-divided except by the Accountant General. But the Accountants General at Fort St. George and Bombay will, on application of the Proprietors of such Notes, and the payment of the established fees, transmit them to the Accountant General in Bengal for the purpose of being renewed or subdivided free of all further expence. In other respects the practice and rules heretofore in use in regard to the renewal and subdivision of Promissory Notes will be adhered to.

11. The said Notes shall be advertised for payment in the inverse order in which they shall have been placed upon the General Register—that is to say, the Notes last brought on the Register shall be first liable to be discharged. But all Notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other Notes for payment without waiting for the expiration of pending notices, and to discharge the Notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the Holders of Notes comprized in prior advertisements may have omitted by themselves, or their Attornies duly authorized, to apply for payment.

FORT WILLIAM, SEPARATE DEPARTMENT,

THE 28TH OCTOBER, 1833.

NOTICE is hereby given, that the Rules sanctioned in the year 1818 and modified in 1828 for Bonding the Inland Duty on Indigo, are rescinded.

Collectors of Customs in the Provinces are hereby authorized to comply with Applications for Free Passes to cover Indigo, under consignment to Calcutta, in quantities of not less than One Hundred Maunds.

The Rowannahs issued under this authority will specify the quantity of Indigo for which the Pass is granted, the place of consignment, the route by which the dispatch will be conveyed, and the District where it was manufactured.

In respect to Indigo imported into Calcutta under cover of a Pass as above provided for, the Collector of Sea Customs is hereby authorized to levy the Transit Duty at the time of Exportation by Sea in those cases in which the Duty would have not been returnable in Drawback according to the present Regulations if it had been paid at a Custom House in the Provinces.

By Order of His Excellency the Right Honorable the Governor General in Council,

G. A. BUSHBY, *Offg. Sec. to Govt.*

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information :

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap 107 and Cap. 111, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors so long as the Court shall continue to manage the Goods of individuals.

6th —An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

CHAS. B. GREENLAW, *Secretary.*

Fort William, the 6th July, 1835.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of **SUGAR** for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconveinence or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1831.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following.—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2 3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorised to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

NOTICE.

POSITION OF PILOTS.

REFERENCES having been made to the Marine Board, with a view to ascertain the position in which Pilot Vessels may be expected to be found at the different Seasons of the Year, the following is published for general information:

During the S. W. Monsoon, from the 15th of March till the 15th of September, the Pilot Vessels cruize during the day off Point Palmyras, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Light on the Point, bearing West to W. by S. If, however, about the beginning of September, the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels haul off to the Eastward and may be found in a line between the Light on the Point and the Floating Light Vessel.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching the Station on seeing the Pilot Vessels are requested in the day to make for that Vessel on board of which they will see a large Red Flag flying at the Main, whenever they can do so without great inconvenience or delay. In the night the Vessel having the next turn Pilot on board is ordered to burn a Maroon every hour, and in thick weather every half hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood however that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

GENERAL DEPARTMENT,

THE 21ST OCTOBER, 1835.

The following Extract of a Letter from the Colonial Secretary to the Government at Mauritius, is published for general information:

"As it very frequently happens that vessels arriving at this Island from the Eastward, are unprovided with Bills of Health, and are, on that account, subject to delay and inconvenience under the existing Quarantine Regulations at this Port, His Excellency the Governor directs me to request that Instructions may be given to the proper Departments at the Bengal Presidency to make known the necessity of all vessels proceeding to Mauritius being provided with such documents, in order that the Owners and Commanders may be warned of the inconvenience to which they become exposed on arrival here, by neglecting to provide themselves with a Bill of Health at the port of departure."

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 21ST OCTOBER, 1835.

The following Extracts of a Letter from the Hon'ble Court of Directors, in the Financial Department, dated the 27th May, 1835, are published for general information:

Para. 4 "In considering what further measures can be taken upon this subject we have adverted to our Despatch, dated the 5th March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants who, after becoming Annuitants, may wish to reside there; such payment to be made in Cash in India at the rate fixed by the Regulations of the Fund.

9. We take this occasion to observe that, entrusted as the several local Governments are with the important duty of fitly supplying the Offices subject to their authority, they will be without excuse if upon any pretence whatever they allow of the retention of office by Servants who from age, infirmity, or other disqualifying cause, are no longer capable of rendering good service.

10. It was one object of the Annuity Fund to facilitate the retirement of such persons: and in cases where they may not of their own accord retire, they should be placed on the list of Servants out of employ."

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of **SUGAR** for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

Published by Authority.

WEDNESDAY, OCTOBER 28, 1835.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

H T. PRINSEP, *Secy. to the Govt.*

G. J. SIDDONS, *Collector.*

Calcutta Custom House, the 26th October, 1835.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bear-W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

SATURDAY, OCTOBER 31, 1835.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases. After a residence of 15 years and upwards, £500 a year— Ditto of 10 years, and less than 15 years, £250 a year. These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

Secy. to the Govt. of India.

NOTIFICATION

Of the probable DISCONTINUANCE *of the* LIGHT *at* POINT PALMYRAS *during the S. W. Monsoon of* 1836.

THE encroachment of the Sea on the Island of Myporrah (commonly called Point Palmyras,) rendering it highly probable that the Light cannot be continued during the next S. W. Monsoon—Notice is hereby given, that, should such discontinuance take place, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bear. W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

By Order of the Marine Board,
CHAS. B. GREENLAW, *Secretary.*
Fort William, the 27th October, 1835.

FORT WILLIAM,
SEPARATE DEPARTMENT,
THE 28TH OCTOBER, 1833.

NOTICE is hereby given, that the Rules sanctioned in the year 1818 and modified in 1828 for Bonding the Inland Duty on Indigo, are rescinded.

Collectors of Customs in the Provinces are hereby authorized to comply with Applications for Free Passes to cover Indigo, under consignment to Calcutta, in quantities of not less than One Hundred Maunds.

The Rowannahs issued under this authority will specify the quantity of Indigo for which the Pass is granted, the place of consignment, the route by which the dispatch will be conveyed, and the District where it was manufactured.

In respect to Indigo imported into Calcutta under cover of a *Pass* as above provided for, the Collector of Sea Customs is hereby authorized to levy the Transit Duty at the time of Exportation by Sea in those cases in which the Duty would have not been returnable in Drawback according to the present Regulations if it had been paid at a Custom House in the Provinces.

By Order of His Excellency the Right Honorable the Governor General in Council,

G. A. BUSHBY, *Offg. Sec. to Govt.*

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette.) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

WEDNESDAY, NOVEMBER 4, 1835.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

H. T. PRINSEP, *Secy. to the Govt.*

CIVIL ANNUITY FUND.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases. After a residence of 15 years and upwards, £500 a year—Ditto of 10 years, and less than 15 years, £250 a year. These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment

of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subcribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

NOTIFICATION

Of the probable DISCONTINUANCE *of the* LIGHT *at* POINT PALMYRAS *during the S. W. Monsoon of* 1836.

THE encroachment of the Sea on the Island of Myporrah (commonly called Point Palmyras,) rendering it highly probable that the Light cannot be continued during the next S. W. Monsoon—Notice is hereby given, that, should such discontinuance take place, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bear. W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

By Order of the Marine Board,
CHAS. B. GREENLAW, *Secretary.*

Fort William, the 27th October, 1835.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of **SUGAR** for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information :

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

NEW
Calcutta Laudable Society,

INSTITUTED ON THE 1ST JANUARY, 1835,

BY TRANSFER FROM THE

Seventh Calcutta Laudable Society,

(The first of the series instituted on the 1st of Jan. 1795,)

AND INCORPORATED WITH THE

THIRTEENTH
Supplementary Laudable Society,

ON THE 1ST JULY, 1835.

DIRECTORS:

T. E. M. Turton, Esq.
R. H. Cockerell, Esq.

Captain J. W. J. Ouseley,
W. Bruce, Esq.
Baboo Dwarkanauth Tagore,
T. Holroyd, Esq.
C. B. Greenlaw, Esq. and
W. H. Twentyman, Esq.

The object of this Society is to secure a certain Provision at the lowest possible rate; the value of each Share at 6,000 Rupees is, on an average, about an equal return for the Premiums paid which would have resulted from the lately projected Government Insurance Office; whilst the extremely economical scale of management in the New Laudable Society, less than 1⅜ per Cent. upon the Annual Premium, enables the Directors to look forward with confidence to a considerable Surplus. They have the authority of Mr. Curnin, that with a fair share of the business of the Public, the rates of Insurance in the New Laudable Society, will yield, on an average, upwards of Sa. Rs. 8,000 per Share. Whatever it may be, it is at present proposed to divide the Surplus amongst the Survivors in equal proportion to the Premium paid by them respectively.—Should the Shares be continued at Sicca Rupees 6,000, and the out-turn yield Sa. Rs. 8,000, the Society will divide amongst its Surviving Members, on each term of five years, the whole of the Surplus,—being equivalent to one-fourth of the total Premium subscribed. Successive accumulations will enable the Insurer to discontinue a proportionate number of Shares; thus combining the two important functions of an Insurance Society and a Savings Bank, upon a considerable scale. In Insurances for securing Marriage Settlements and, for other similar objects, the advantages of this system are obvious.

Hence, the above Society is strictly one of mutual Insurance, in which there is no division of interests amongst the parties concerned; consequently, there being no Proprietors distinct from the Assured, who are at once Proprietors, Assurers and Assured, the Society stands independent of the control of individuals in the character of Patrons, Presidents, Directors, &c. chosen by a body of Proprietors, not necessarily Assured in the Society, and deriving profit from the Subscriptions of the Assured.

Half yearly Meetings of the Assured are held, to which the accounts of the Society are submitted.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued ; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

Collectors of Customs in the Provinces are hereby authorized to comply with Applications for Free Passes to cover Indigo, under consignment to Calcutta, in quantities of not less than One Hundred Maunds.

In respect to Indigo imported into Calcutta under cover of a Pass as above provided for, the Collector of Sea Customs is hereby authorized to levy the Transit Duty at the time of Exportation by Sea in those cases in which the Duty would have not been returnable in Drawback according to the present Regulations if it had been paid at a Custom House in the Provinces.

CIVIL ANNUITY FUND.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the

Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases. After a residence of 15 years and upwards, £500 a year—Ditto of 10 years, and less than 15 years, £250 a year. These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

NOTIFICATION

Of the probable DISCONTINUANCE *of the* LIGHT *at* POINT PALMYRAS *during the S. W. Monsoon of* 1836.

THE encroachment of the Sea on the Island of Myporrah (commonly called Point Palmyras,) rendering it highly probable that the Light cannot be continued during the next S. W. Monsoon—Notice is hereby given, that, should such discontinuance take place, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bearing W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

By Order of the Marine Board,
CHAS. B. GREENLAW, *Secretary.*
Fort William, the 27th October, 1835.

CUSTOMS.

NOTICE is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th Instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

11th June, 1834. G. J. SIDDONS, *Collector.*

CUSTOM HOUSE NOTICES.

TO protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of **GUNPOWDER**, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of **DOCK YARDS**, and the **PUBLIC** at large, are requested to take notice, that no Goods, nor Packages, are allowed to be **IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED**, or removed from **VESSELS** to **SLOOPS** or **BOATS** after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, **DUTY**. Attention is directed to Clause Seventh, Section XLV. to Sections LXI LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

GOODS for **ONE VESSEL** taken to **ANOTHER**.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If **GOODS** which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for **RE-LAND**, and subsequent **RE-EXPORT** to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for **GOODS RE-LANDED**.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

BEBER ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board **NATIVE VESSELS**;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFER ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for **MAFFER ROWANAHS**, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

G. J. SIDDONS, *Collector*.

Calcutta Customs.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of **SUGAR** for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector*.

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information:

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114. should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

E. MOLONY, *Actg. Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases. After a residence of 15 years and upwards, £500 a year—Ditto of 10 years, and less than 15 years, £250 a year. These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subcribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

CUSTOMS.

THE Commercial Public is hereby informed, with respect to a point which seems to be now imperfectly understood, that the Orders conveyed in the subjoined Notification of the 29th November 1827, (heretofore published in the Government Gazette,) will not, on any future occasion, be relaxed, or deviated from, in this Office.

Under no circumstances will more than one Certificate be furnished to the Shippers of SUGAR for the United Kingdom,—and that document will be issued only while the Vessel on which the Shipment may have been made is still in this Port; so as to enable the Master himself to produce the document in Great Britain.

By Order of the Board of Customs, dated 7th September, 1835,

G. J. SIDDONS, *Collector.*

Calcutta, Custom House, 15th September, 1835.

FORT WILLIAM,

General Department, the 29th November, 1827.

The Right Honorable the Governor General in Council is pleased, with reference to the Government Advertisement, dated 17th of May last, and published under the signature of the Chief Secretary, in the Government Gazette of the 31st of that month, to direct that the following Extract (Paras. 12 to 14,) from a Public General Letter from the Hon'ble the Court of Directors, dated the 11th July, 1827, be published for general information :

12. In our Letters noticed in the margin,* we have communicated to you the necessary particulars of the course to be adopted by your Export Officers in the Department of Customs, in preparing and issuing Certificates of produce of Sugar shipped for England, in order to entitle such Sugar to be admitted to entry for consumption at the Medium duty between Plantation Sugar and Foreign Sugar and we have directed (30th November, 1825,) that Extracts of the Acts of Parliament of 6th Geo. 4th, Cap. 107 and Cap. 114, should be published for general information.

13. His Majesty's Board of Customs have, however, represented to us, that several instances have occurred, in which the Shippers of Sugar at Calcutta, instead of delivering the Certificates to the Master of the Exporting Vessels for the purpose of being produced by them to the proper Officer at the Custom House in London, and there sworn to, as required by Law, have forwarded the Certificates direct to the Consignees of the Goods in Great Britain; and we also find, that copies of the Certificates are occasionally delivered to the Masters of Vessels instead of the original, that sometimes the original is incomplete by wanting the Seal of Office, and that in some instances the Affidavit of the Shipper, which should be deposited in the Office of the Collector of Customs, as his Voucher, for having issued the Certificate, has been transmitted to England.

14. The Board of Customs have therefore requested, that we will cause instructions to be issued to our Officers of Customs in India, which shall prevent the recurrence of similar irregularities, and that we will cause public notice to be given, that no Sugar will in future be admitted to entry in the United Kingdom, as the produce of the British possessions in the East Indies, unless the Master of the Importing Vessel shall bring with him the proper Certificates in respect of such Sugar, and at the time of reporting his Vessel make oath, that the said Certificates were received by him at the place where the Sugar was taken on board, as required by Law, and that Certificates of the above description be on no account whatever transmitted by the Shippers of the goods to the Consignees, as in default of the production of such document by the Shipmaster, in conformity with the Law, the high duty will in all cases be levied on the entry of the Sugar for home use.

By Order of the Right Hon'ble the Governor General in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases. After a residence of 15 years and upwards, £500 a year—Ditto of 10 years, and less than 15 years, £250 a year. These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subcribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

Secy. to the Govt. of India.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—*Parties receiving advances are to address in* each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*
C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, the e may be transmitted to us particular information ot the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

CIVIL FUND.

At a Special General Meeting of the Subscribers to the Civil Fund, held at the Town Hall, on Saturday, the 14th day of November, 1835—

Mr. H. T. **Prinsep** was called to the Chair.

The Chairman read an advertisement in the *Calcutta Gazette*, dated 2d October 1835, signed by R. H. Tulloh, C. B. Trevor, Edward Deedes, J. P. Grant, T. P. Martin, W. Leslie Melville, J. Master, H. M. Pigou, F. Millett and H. Torrens, calling a Special General Meeting of the Subscribers to the Civil Fund to be held at the Town Hall, on Saturday, the 14th of November 1835, at 10 o'Clock A. M., to consider the following Questions:

First.—The proposal of Mr. Tulloh, that all Married Subscribers and Widowers wishing to retain a contingent interest in the Fund, should pay double their present Subscriptions—all other Subscribers to continue to pay as at present.

Second.—To re-consider a Resolution said to have been passed at a Quarterly General Meeting held on the 27th April 1835, under which Mr. J. C. C. Sutherland was considered a retired Civilian, and subject to payments under Rule XXXV. of the Fund.

Third.—To re-consider certain Resolutions said to have recently passed by the Managers, under which the Reverend Charles Elliott was admitted to pay up his Subscription, with a view to his being admitted to the benefits of the Fund.

The Meeting having resolved to consider the above subjects separately, in the order of their mention in the Requisition—

Mr. Tulloh moved—

That the Propositions stated in his letter, dated 5th June 1835, be read and taken into the consideration seriatim.

The same being seconded, Mr. Morley moved, in amendment, the following several Resolutions—

1.—That Mr. Tulloh's Proposition and all other Propositions which have been already received or which may be now, or hereafter brought forward for any alteration in the Rules of the Civil Fund, be referred to a Committee to be appointed as below prescribed, who shall be empowered and requested to report thereon to a Special General Meeting to be called by them for that purpose, revising all the existing Rules, and generally submitting their suggestions for such measures as they may think it most expedient to adopt in the present state of the Assets and Liabilities of the Fund.

2.—That the Committee consist of sixteen Members, being Subscribers to the Fund resident in Calcutta, one to be elected by the Subscribers resident in each Division of Revenue and Circuit, viz. Jessore, Cuttack, Moorshedabad, Bauleah, Dacca, Chittagong, Bhaugulpore, Patna, Benares, Delhee and Sagur, Allahabad, Barelly, Meerut and Agra, including all Political Officers, and two to be elected by those in Calcutta, and Members not included in any of the above Divisions.

3.—That each Commissioner be requested to collect the votes of the Subscribers entitled to vote in his Division, reporting to the Secretary the Gentleman elected on or before the 15th of January next, and that the Secretary to the Fund be requested to collect the votes of the Members in Calcutta on or before the same date.

4.—That a Committee man, elected by more than one Division, shall choose which Division he may wish to represent, and that the other Division or Divisions that elected him, may elect each a substitute for him.

The above Resolutions being seconded by Mr. Rattray, were put from the Chair and carried.

Resolved further, that the Managers of the Civil Fund Institution be requested to take the necessary steps to give effect to these Resolutions.

The Meeting having proceeded to consider the second subject mentioned in the Requisition convening it, and the same having been read from the Chair, the Honorable Mr. Melville moved—

1st. That the case of Mr. Sutherland involves an essential addition to the Rules and Principles of the Institution, and that all Subscribers in India ought to have been alllowed to deliver their sentiments and votes by a written communication.

2d. That under Article XXX. it being competent for a second General Meeting to re-consider any Resolution passed at a former General Meeting, it is now expedient to hold in suspense the Resolution of the Meeting of the 27th April 1835, relative to Mr. Sutherland.

3d. And that the papers connected with the case of that Gentleman be submitted to any Subscribers to whom they have not already been transmitted, with an invitation to them to transmit, through the Secretary to the Chairman of a Meeting to be held on the , their votes for or against the Resolution "that Mr. Sutherland "be considered a retired Civilian and subject to "payments under Rule 35."

The above Resolutions being seconded by Mr. Grant, Mr. Rattray rose and protested against the subject of Mr. Sutherland's admission to the benefit of the Thirty-fifth Article of the Fund, being considered by the present Meeting, after it had been decided by a Quarterly General Meeting, duly convened. The objection of Mr. Rattray being thrown into the form of a Resolution, was moved by him in amendment of the above Resolutions of Mr. Melville, and the same being seconded by Mr. Morley was, after much discussion, about to be put as follows:

That this Meeting is not competent to take into consideration the question of Mr. Sutherland's admission as a Subscriber to the Fund, and his having been allowed in consequence to pay up the sum of 5000 Rupees as a retired Civilian, the same having been determined at a General Quarterly Meeting duly convened and fully competent to decide finally upon the case,—whereupon Mr. Melville proposed to withdraw his original Resolutions, and to substitute the following:—

That the Resolutions of the General Meeting of Subscribers to the Fund, under date the 27th April 1835, admitting Mr. Sutherland to the benefits of the Institution, be reversed.

Mr. Rattray having, in consequence, withdrawn the amendment moved by him,

The following Amendment was moved by Mr. D. C. Smyth, and seconded by Mr. Braddon:

That this Meeting having duly considered the papers connected with Mr. Sutherland's case, are of opinion, that it would have been more satisfactory to the Subscribers, had the question of the admission of that Gentleman to the benefits of the Fund, been submitted by the late Managers for the decision of the Service at large; adverting, however, to the opinion expressed in the letter lately received from the Honorable the Court of Directors, under date the 8th July 1835, and considering, moreover, the Proceedings of the Quarterly General Meeting of Subscribers, held at the Town Hall on the 27th April last, from which it appears that Mr. Sutherland was considered by that Meeting as a retired Civilian, and made subject to the payments due under Rule 35;—It is resolved, that the Proceedings of the Quarterly General Meeting, held on the 27th April 1835, be upheld.

The above Resolution and Amendment having been taken into consideration, a discussion ensued, in the course of which the following letter from the Honorable Court of Directors was read by Mr. Manager Grant:

PUBLIC DEPARTMENT.

No. 45 of 1835.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

Para. 1. In reference to our Despatches dated 4th April 1834 (No. 26) and 3d June 1835 (No. 40), we think it right to acquaint you that Mr. J. C. C. Sutherland has not, by the loss of our Covenanted Service, forfeited any of his rights as a Subscriber to the Bengal Civil Fund, in respect of which he is to be considered as if, at the date when he ceased to subscribe to the Fund, he had voluntarily relinquished the Service.

2. We desire that you will communicate this opinion to the Managers of the Fund.

We are, &c.

The Chairman was in due course about to put the Amendment of Mr. D. C. Smyth to the vote, but before doing so stated that there were several letters to his address connected with the subject under consideration, and written apparently in consequence of the Requisition published in the newspapers, and he desired to be informed in what light these should be considered, and whether in case any of them contained an express declaration of opinion in favour or against the admission of Mr. Sutherland, they should be treated as votes upon the Amendment or not. The opinions of the Gentlemen present being divided upon this point, Mr. D. C. Smyth moved the following Resolution, and proposed that it should be adopted in substitution for both the original Resolution and the Amendment. The Hon'ble Mr. Melville, mover of the original Resolution, having agreed to the substituted Resolution being first put in the manner proposed, the same was put from the Chair and carried, the votes being 28 for and 5 against the Resolution.

Resolved, that the motion submitted to the Meeting by Mr. Melville and the Amendment proposed by Mr. Smyth be forwarded by the Managers with a letter to each Subscriber to the Fund, requesting him to forward his vote for the original Motion, or for the Amendment, direct to the Secretary, and that the result of the votes be reported by the Managers to the next General Quarterly Meeting.

The Meeting then proceeded to the consideration of the third subject of the Requisition, viz. the admission of Mr. C. B. Elliott, a retired Civilian in England, to the benefit of Article XXXV. of the Rules of the Fund.

Moved by Mr. C. Morley, seconded by Mr. F. Millett—

Resolved, that the question of the admission of Mr. Elliott be referred for the decision of the Subscribers at large.

The Meeting then adjourned.

H. T. PRINSEP,

Chairman.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

In respect to Indigo imported into Calcutta under cover of a Pass as above provided for, the Collector of Sea Customs is hereby authorized to levy the Transit Duty at the time of Exportation by Sea in those cases in which the Duty would have not been returnable in Drawback according to the present Regulations if it had been paid at a Custom House in the Provinces.

By Order of His Excellency the Right Honorable the Governor General in Council,

NOTIFICATION
Of the probable DISCONTINUANCE *of the* LIGHT *at* POINT PALMYRAS *during the S. W. Monsoon of* 1836.

THE encroachment of the Sea on the Island of Myporrah (commonly called Point Palmyras,) rendering it highly probable that the Light cannot be continued during the next S. W. Monsoon—Notice is hereby given, that, should such discontinuance take place, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bearing W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in *London*, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment

of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, these may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

The Governor General of India in Council is pleased to direct that the following Letters, be published for general information.

MARINE DEPARTMENT.

No. 1087.

BOMBAY CASTLE, 9TH NOVEMBER, 1835.

SIR,—With reference to your letter dated the 30th September, I am directed to transmit to you the accompanying copy of a letter from the Superintendent of the Indian Navy dated the 7th instant, and to acquaint you that for the reasons therein stated and for the purpose of meeting the wishes of the mercantile Community of Calcutta, the Right Hon'ble the Governor in Council has fixed on the 18th of March as the date for the departure of the Steamer "Hugh Lindsay" on her second voyage to Suez this season.

I have, &c.

(Signed) E. M. WOOD, *Lieut. Col.*
Secretary to Govt.

To the Secretary to the Government
of India at Fort William.

To THE RIGHT HONORABLE
SIR ROBERT GRANT, G. C. H.,
President and Governor in Council.

RIGHT HON'BLE SIR,—In reply to Secretary Lieutenant Colonel Wood's letter of this day's date requesting me to state my opinion of what would be the best day to fix for the "Hugh Lindsay" to leave Bombay upon her second voyage, I beg to state that I consider the 18th of March to be so, for the following reasons.

First.—Because I consider the 18th of each month the best day for her leaving to ensure a quick arrival of the London Mail, she takes 32 days to go to Suez, and she should be allowed eight days to repair and put her Engines to rights, this enables her to leave the day that the English Packet of the 1st of the month from London arrives at Suez, say the 28th of the month.

Secondly.—Although if she left on the 18th of February, it would afford ample time for answers to arrive to the November Packet now under despatch from hence which may be expected, by Captain Melville's calculation of the Packets in the Mediterranean, to arrive in London by the end of January, he giving eighteen days from the date of the Malta Packets arrival at that port to her leaving with the Packet brought by the Alexandria and Corfu Branch Steamers.

2d.—My principal reason for not fixing upon the 18th of February is the uncertainty of her return from the first voyage, also if she goes in March, she brings down the last Mail she could, as she will arrive here about the end of May ; after that the Red sea is open for sailing Vessels coming to Bombay, when by a judicious arrangement between His Majesty's Consul General in Egypt and the Senior Officer in the Red sea, I think the Packets of May, June, July and August may reach Bombay to a certainty and with very little delay.

3d.—I would propose that Colonel Campbell should be authorized to hire a boat at Cosseir to send the Packets down to the Senior Officer, or in his absence, to the Company's Agent at Mocha, and that they be authorized, if there is no English Vessel about to sail, to send them down in the first safe Buggalow, and if the Senior Officer should not consider the Naquedar a trustworthy man, that he may be authorized to send an Officer down to Bombay in charge of the Packet.

4th.—Mocha I consider preferable to Juddah for the Packet to be sent to, as there are more frequent opportunities from thence, there being several Vessels for Bombay which do not go up to Juddah, and I believe all the Juddah Vessels touch at Mocha on their way down.

I have the honor to be, &c.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*

C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment

of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, these may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury."

" Article 6.—With regard to the Trade in Opium, it is agreed between the High Contracting Parties, that at each of the periodical Sales of that Article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the three hundred Chests herein before-mentioned. 1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued ; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*

C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment

of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

BANK OF BENGAL,

1st December, 1835.

AT A MEETING OF PROPRIETORS OF THE BANK OF BENGAL, held this day, pursuant to the Public Advertisement of the 27th October last, under the signature of the Secretary, Mr. H. T. Prinsep was called to the Chair.

Proposed by Mr. C. Morley, seconded by Mr. W. Carr, and carried unanimously,

That the Capital Stock of the Bank be expressed in Company's Rupees in the proposed new Charter, and that the conversion from Sicca into Company's Rupees be made in such a manner as to preserve the division of the Shares in even Thousands of Company's Rupees.

Proposed by Mr. W. Bruce, seconded by Captain E. S. Ellis, and carried unanimously,

That for the conversion, plan No. 1 of the Secretary's Circular of the 27th October, 1835, be adopted.

In connection with this Resolution it was stated that there existed only one Share of the Bank that had yet been divided, viz. Share No. 201, divided into 2-10ths and 8-10ths.

The Special Notice sent to the holders of these two fractional interests was then read as follows:

To Mrs. Mary Scott and Miss E. A. Scott,

A Proprietor of the Bank of Bengal to the extent of 8-10ths of a Share,

AND

To Lieut. W. MacGeorge,

A Proprietor of the Bank of Bengal to the extent of 2-10ths of a Share.

In sending you the enclosed letters from myself dated the 27th ultimo, I am instructed by the Directors to add for your information an Extract from the Directors' Proceedings of date the 5th instant.

I have the honor to be,
Your most obedient Servant,
(Signed) G. UDNY,
Secy. to the Bank.

Bank of Bengal, 7th November, 1835.

Extract from the Directors' Proceedings of date the 5th November, 1835.

"The Secretary submits to the notice of the Directors that there is one Share of the Bank Stock divided into 2-10ths and 8-10ths, that in the event of the adoption of the 5000 Company's Rupees plan each of the Proprietors may be assigned his proportion in even thousands of Rupees; but that if the 4000 Company's Rupees division be preferred by the Proprietors at large the interest of the larger Proprietor will be increased to 12,800 Rs. and that of the smaller Proprietor to 3,200 Rs.

The Secretary requests the Directors' orders as to the arrangement to be made in this case, and whether any special intimation should be added to the notice to be addressed to the Proprietors of those fractional Shares.

Resolved, for the preservation of the division of the Stock in even thousands of Company's Rupees, that in the event of the adoption of the division into the 4000 Rs. plan, the Directors submit separately to the Proprietors the case of the divided Share, with a recommendation that the larger interest absorb the fraction (200 Rs.) of the smaller, and that the Proprietor of the smaller be left to seek his reimbursement from the party receiving the benefit of the addition to his Stock.

Ordered, that the Secretary furnish the fractional Proprietors with a copy of this resolution in addition to the Circular Notice, and that he request their answer may have reference to the said Resolution."

(True Extract,)
(Signed) G. UDNY,
Secy. to the Bank.

Upon the above papers being read Mr. John Cowie, as representing the larger interest or 8-10ths of this Share, stated to the Meeting that the division according to plan No. 1 of the Circular would be a convenience to the Proprietors of both interests, for the Proprietor of the 2-10ths was entitled to a fourth of a Share, but unable to take his entire interest because of the rule of the present Charter restricting the division into even thousands of Rupees, and that if plan No. 1 were adopted the two interests being reunited would become 4 Shares of Rs. 4000 each, one of which would be the right of the Proprietor of the smaller interest.

The Meeting agreed therefore that the existence of this divided Share was no obstruction to the adoption of the plan and required no special Resolution.

Mr. Director Cockerell called the attention of the Meeting to the 3d Resolution of the Proprietors' Meeting of the 6th April 1835, fixing a scale for votes upon the assumption of Shares being divided into 5000 Sa. Rs. each, and submitted that consequently on the adoption of plan No. 1 the following alteration should be proposed to Government to be made in the scale referred to, viz.

That 1	Share should have	1	vote.
5	Shares ,, ...	2	votes.
10	,, ,, ...	3	,,
15	,, ,, ...	4	,,
20	,, ,, ...	5	,,
30	,, ,, ...	6	,,
40	,, and upwards	7	,,

Mr. Cockerell's proposition was second by Mr. R. C. Jenkins and carried unanimously.

Thanks were then voted to the Chairman and the Meeting broke up.

NEW
Calcutta Laudable Society,

INSTITUTED ON THE 1ST JANUARY, 1836,

BY TRANSFER FROM THE

Seventh Calcutta Laudable Society,

(The first of the series instituted on the 1st of Jan. 1795,)

AND INCORPORATED WITH THE

THIRTEENTH
Supplementary Laudable Society,

ON THE 1ST JULY, 1835.

DIRECTORS:

Captain J. W. J. Ouseley,
W. Bruce, Esq.
Baboo Dwarkanauth Tagore,
T. Holroyd, Esq.
C. B. Greenlaw, Esq. and
W. H. Twentyman, Esq.

The object of this Society is to secure a certain Provision at the lowest possible rate; the value of each Share at 6,000 Rupees is, on an average, about an equal return for the Premiums paid which would have resulted from the lately projected Government Insurance Office; whilst the extremely economical scale of management in the New Laudable Society, less than 1⅜ per Cent. upon the Annual Premium, enables the Directors to look forward with confidence to a considerable Surplus. They have the authority of Mr. Curnin, that with a fair share of the business of the Public, the rates of Insurance in the New Laudable Society, will yield, on an average, upwards of Sa. Rs. 8,000 per Share. Whatever it may be, it is at present proposed to divide the Surplus amongst the Survivors in equal proportion to the Premium paid by them respectively.—Should the Shares be continued at Sicca Rupees 6,000, and the out-turn yield Sa. Rs. 8,000, the Society will divide amongst its Surviving Members, on each term of five years, the whole of the Surplus,—being equivalent to one-fourth of the total Premium subscribed. Successive accumulations will enable the Insurer to discontinue a proportionate number of Shares; thus combining the two important functions of an Insurance Society and a Savings Bank, upon a considerable scale. In Insurances for securing Marriage Settlements and, for other similar objects, the advantages of this system are obvious.

Hence, the above Society is strictly one of mutual Insurance, in which there is no division of interests amongst the parties concerned; consequently, there being no Proprietors distinct from the Assured, who are at once Proprietors, Assurers and Assured, the Society stands independent of the control of individuals in the character of Patrons, Presidents, Directors, &c. chosen by a body of Proprietors, not necessarily Assured in the Society, and deriving profit from the Subscriptions of the Assured.

Half yearly Meetings of the Assured are held, to which the accounts of the Society are submitted.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 11TH SEPTEMBER, 1835.

Notice is hereby given, that the Board of Customs, Salt and Opium, has been authorized to make Advances of Cash to Merchants on Bills of Exchange, secured by Consignments of Goods, at the rate of *2s. 2d.* per Calcutta Sicca Rupee *until further* Orders. In all other respects the terms and conditions of these Advances to be the same as advertised under date the 27th October last.

By Order of the Honorable the Governor of Bengal,

G. A. BUSHBY,

Secy. to the Govt. of Bengal.

FORT WILLIAM,

POLITICAL DEPARTMENT, 16TH NOV. 1835.

The Honorable the Governor General of India in Council has been pleased to direct the following paper, describing the Trade of Cábul, to be published for general information:—

Kábul, the Capital City of an extensive kingdom, is not only the centre of a large internal traffic, but enjoying eminent advantages of locality, ought to possess the whole of the carrying Trade between India and Turkistán. A trade has ever existed between India and Afghanistan, the latter deriving from the former, a variety of commodities foreign to the produce of its own soil, climate and manufactures, while she has little to return beyond Fruits of native growth. Afghanistan is dependant upon India for articles indispensable for the convenience of her inhabitants, and the carrying on of her few manufactures, as fine Calicos, Indigo, Spices, Drugs, &c. Of late years the introduction of British manufactured Goods, as fine Calicos, Muslins, Chintzes, Shawls, &c., has produced a new æra in this Trade, superseding in great measure the inferior importations as to quality from India, and the more expensive fabrics from Kashmír. The consumption of these manufactures at Kábul, although extensive and encreasing, will from causes have a limit, but to what extent they might be transmitted to the markets of Turkistán, cannot be so easily defined. At the same time that British manufactured Goods have found their way to Kábul, so have also Russian, and what is singular even British manufactured Goods may be found at Kábul which have been imported from Bokhára.

The anarchy reigning in Afghanistan for a long period, and the ambiguous political relations of the several petty governments at the present time established in it, have not been favorable to the prosecution of its commerce, yet it would appear that during the last few years the Trade of Kábul has considerably encreased, the Custom House of Kábul, under the Suddozie Princes being farmed for only twenty-five thousand rupees per annum, and that of Ghazní for only seven thousand rupees per annum, whereas the last year (1834) the former was farmed for one lack and forty thousand rupees, and the latter for eighty thousand rupees,—while the duties levied are at the same rate, viz. a Chahalok,* or two and half per cent. ad valorem. With respect to the value of the Trade of Kábul, it may be observed that there are six points within its Territories where duties on merchandize are levied; viz. Kábul, Ghazní, Bámian, Charreekar, Loghur and Jalalabad. The transit duties at these several places in 1834 were farmed as follows:—

Kábul:		
1,40,000×40=56,00,000÷12 Rs. per £ Sterling		£ 466,666+
Ghazní.		
80,000×40=32,00,000÷12	....	266,666+
Bámian.		
50,000×10=20,00,000÷12	....	166,666+
Charreekar.		
10,000×40= 4,00,000÷12	....	33,333+
Loghur.		
6,000×40= 2,40,000÷12	....	20,000.
Jalalabad.		
12,000×40= 4,80,000÷12	....	40,000.
2,98,000 { Total Amount of Duties.	Value of Merchandize, }	£ 993,331

This Table only correctly shews the amount of benefit to the State derived from direct Duties on merchandize, as Duties are levied on the same Goods frequently at two places, as at Ghazní and Kábul, &c, yet when it is considered that the Farmers of them reap, or expect to reap a profit, and that smuggling to a very great extent prevails, while there is a constant evasion of payment of Duty through favor, power or other circumstances; the calculation that the Trade of Kábul with her neighbours may be of the value of one million sterling, is likely to fall short of, rather than to exceed, the truth. Of this sum £200,000 will be the value of its Trade with Turkistán.

The opening of the Navigation of the Indus, and the establishment of British Factories at Mithankot cannot fail to have a salutary effect in encreasing the extent and facility of commercial transactions between India and Kábul, and of inducing a much larger consumption of British manufactured Goods both in Kábul and Turkistán. Perhaps no spot could have been selected for a mart on the Indus, offering equal advantage with Mithankot, being at once the key to the rivers of the Panjab, and the point nearly at which the merchandize of India is at the present day transmitted to Afghanistan by the medium of the Lohaní merchants. It was no trivial point gained, that by the selection, a great portion of the extended trade will be confined to them, as the limited trade is now. Independantly of the wisdom of causing no unnecessary innovation in the established usages and practices of a people, the commercial Lohaní Tribes may be expected to lend every assistance to measures, which decrease their labors and lengthened journeys, and encrease consequently their gains. They have long engrossed the Trade between Kábul and Multan, and the monopoly was and is due to their integrity, valor and industry. No other men could travel even in Kaffilas from Kábul to Darband. The Lohanís pass *vi et armis*, and as they pay no duties on the road, and the Camels (the Beasts of burthen employed) are their own property, no other Traders can afford to bring or carry Merchandize at so cheap a rate, and they have therefore no competitors, in the Markets they frequent, able to undersell them. Moreover at Kábul and Ghazni, on account of being Afghans, and in conformity to ancient right or indulgence, they pay duties on a lower scale than other individuals. But the Lohanís, a patient and persevering class of men, accustomed to a regular routine of Trade, are from their habits, little likely to embark in any new speculations, unless encouraged and invited to do so. Their caution and perhaps apathy, cause them to form their Investments of such Goods as they know will sell, and by no means of such as may sell—seeming to prefer a certain but small profit, to a larger, but doubtful one. These reasons, I apprehend, account for the non-appearance of very many articles of British and Indian produce and manufactures in the Kábul Market, while many articles are found there brought from Russia viâ Bokhara, which might be procured better in quality and cheaper in price from India.

In proportion to the extent and variety in the assortment of Goods at Mithankot will of course be the facility of introducing and disposing of them. At Qandahár, whose commerce is very short of that of Kábul, but whose merchants generally proceed to Bombay where there is no want of allurement to purchase from deficiency in the abundance, variety and display of Goods, there are an infinity of articles to be found, which are in vain sought for at Kábul. Of the commodities of India and manufactures of Britain, which would find sale in Afghanistan and Turkistán the former are well known, and would remain as at present, the demand being only encreased as Spices, Indigo, Muslins, fine Sugar, Drugs, &c. were diminished in price by the additional facilities which would be given to commerce, but of the latter a great variety of new articles might be introduced—Chintzes, fine Calicos, Muslins, Shawls, &c. of British manufacture, have now become fashionable, and Investments of Broad Cloth, Velvet, Paper, Cutlery, China Ware, Gold and Silver Lace, Gold Thread, Buttons, Needles, Sewing Silks and Cotton Thread, Iron Bars, Copper, Tin, Brass and Quicksilver, Iron and Steel Wire, Looking Glasses, with a multitude of various little articles conducive to comfort and convenience would be readily disposed of. It is singular that not a sheet of English manufactured writing Paper can be found in the Bazar of Kábul, while Russian Foolscap, of coarse inferior quality abounds, and is generally employed in the Public Departments.

It may not be improper to enumerate some of the articles which form the bulk of the Exports from Russia to Bokhara, specifying such thereof as find their way to Kábul—the exact amount of the Russian Exports to Bokhara, if an object to be ascertained, can be found by reference to the *Petersburgh Gazettes*, if accessible, in which they are printed.

In glancing over this imperfect list, it will be obvious, that many of the articles of Russian manufacture most largely imported to Kábul viâ Bokhara, ought to be superseded by similar ones from Bombay. From Orenburg the point whence traffic between Russia and Bokhara is principally conducted, there are sixty-two Camel or Kafla marches, and from Bokhara to Kábul thirty-five Camel or Kafla marches, being a total of ninety-seven Camel or Kafla marches, independant of halts. In the distance travelled duties are levied at Khiva, Bokhara, Balkh, Muzzar, Khulam Hybuk, Qundùz, Kahmerd, Sohghan, Bamian and Kabul. That the supplies from Bombay to Kabul, have been hitherto inadequate for the wants of the market, is in great measure owing to the sluggishness of the Afghan merchants; that they will cease to be so, may be hoped from the opening of the navigation of the Indus, and the conversion of Mithankot into a mart, which will bid fair to become a second Bombay for the merchants of these countries.

Broad Cloth, largely imported from Bokhara, is a regular article of consumption at Kabul, being used for the Chupkuns, Kabahs, Sinabunds, &c. of the opulent, as coverings to the Holster Pipes of the Military, and as Jackets for the disciplined Troops. Dark colors are generally preferred, but blue, scarlet and drab are also in vogue, and fine and coarse qualities are alike saleable.

In fine Linens and Calicos, the Russian fabrics are unable to contend with British manufactures at Kabul, either in quality or price and some of the latter even find their way to Bokhara. Russian Chintzes are esteemed more durable than British, as being of coarser texture, but with less elegant or fast colors, and although occasionally brought to Kabul, afford no profit to induce farther speculations.

Silk Goods which are brought to Kabul from Bokhara, of Russian manufacture, and in large quantities, would appear to have every chance of being superseded by better and cheaper importations from Mithankot or even Bombay, where certainly the fabrics of Bengal and China, if not England, must be abundant. Amongst a variety of modes in which Silk Goods are consumed at Kabul, permanent ones are in the under garments of both Male and Female inhabitants who can afford it. The colors most prized are red, blue and yellow. Silk Handkerchiefs of various colors, and even black ones would probably meet a ready sale, as would some articles of Silk Hosiery, as Socks, and even Stockings. Silk Gloves, Lace, Ribbands, &c., might not be expected to sell, there being no use or idea of them. Kabul has its own Silk manufactures, introduced some twenty-five years since, by artizans from Harát, under the patronage of Shah Mahmud. At present there are eighty-eight looms in employment, each of which pays an annual tax to the state of twenty-three rupees. The articles manufactured are plain Silks, called Kanavaiz, red, yellow and purple. Durahee of slighter texture, less width, and of the same colors. Suja Khanuee, of large and small width, a red ground with perpendicular white lines. Dushmáls or Handkerchiefs, *black* and red with white spots, bound by Females around their heads, and Loonghees Hummámá or for the bath. Raw and thrown Silks are imported from Bokhara, Qandahar and Harát, and raw Silk is procured from Tazhow, the districts of the Sufaid Koh, Koh Daman, and the neighbourhood of Kabul: the thrown Silk of Harát is preferred to that of Bokhara, and the latter to that of Qandahar, while Silk thrown at Kabul from Native produce is preferred to all of them.

Velvets and Satins, of Russian manufacture, are brought from Bokhara to Kabul, where there is a small but regular consumption. Velvets being employed some times for Kabahs and to cover Saddles, &c. This year the battalion Soldiers were furnished with Caps of Velvet, all of Russian fabric. For Kabahs, black Velvet is most in request, but red and green are also used. Satins are employed some times to form articles of dress, most frequently as facings and trimmings.

Sewing Threads and Silks, I should suppose, would be as saleable at Kabul as at Bokhara, but I have never observed any of European manufacture here. They are brought from Bombay to Hydarabad, and may be seen in the shops there.

Gold and Silver Lace is brought from Bokhara to Kabul of Russian manufacture in large quantities; they are also brought from India, both of Indian and British manufacture. The quantity brought from Bokhara exceeds that brought from India.

Steel and Copper Wire very largely exported from Russia to Bokhara, is introduced at Kabul. I am not aware of the uses or extent of consumption of these articles, but the former, I believe, is used for musical intruments. Leather, Churm of Bulgar, is brought from Bokhara to Kábul, of Russian preparation and in large quantities, being consumed in the construction of Military and Riding Coats, Horse Furniture and Mattarrahs or Flaskets for holding water, which every horseman considers a necessary part of his equipments. Leather is also largely prepared at Kábul, and Hides are imported from Bajore, Peshawr, &c. Paper of Russian fabric is brought from Bokhara to Kábul in very large quantities, and is much in demand. It is of foolscap size and of stout inferior quality, and both white and blue in color, as well as both glazed and unglazed. The blue glazed Paper is preferred, unglazed Paper being even submitted to the operation of glazing at Kábul. Quantities of Russian Paper both glazed and unglazed are annually exported from Kabul to Qandhar; at the latter place is also found ordinary white foolscap (perhaps brought from Bombay), but which from the water marks would appear to be of Portuguese fabric; the same article is also plentiful at Hydarabad, and may perhaps be manufactured at Daman. Paper for the Kabul market should be stout, to allow facility of erasure, and on this account, and with reference to the nature of the Ink employed, glazed Paper is most prized, which is prepared by saturating the unglazed fabric in a composition of Starch, and subsequently polishing it. No duty is paid on Paper at Kabul.

China Ware is some times exported from Bokhara to Kabul, but generally of ordinary Chinese fabric. It is also in a certain demand, which is likely to encrease from the growing habit of Tea drinking, &c. Articles of British China-Ware are occasionally seen, but they have been brought (probably from Bombay) rather as presents than as objects for sale. In the same manner Tea Trays and other conveniences are found. China-Ware, Stone-Ware and even the superior kinds of Earthern-Ware, would no doubt find a sale at Kabul, if the charges on their transmission from Bombay or Mithankot would allow of the speculation, but the articles should be of a solid nature, and fitted for the uses of the purchasers as Plates, Dishes, Basins, Bowls, Tea-pots, Tea-cups, Jugs, &c. China Ware as well as being in quest for use, is employed for ornament and display, every room in a respectable house, having its shelves furnished with sets of Basins, Bowls, &c., &c., and these are generally of the coarse fabric of Kabul. China-Ware being scarce and too high in price. The Earthern Ware of Kabul manufacture is very indifferent, although the country abounds with excellent materials.

Glass Ware exported from Russia to Bokhara is not brought to Kabul for sale, nor is any of British manufacture to be found—although many articles applicable to ordinary and useful purposes, would probably sell. To Hydarabad, Imports from Bombay are in a greater or less degree made, and Glass Decanters with Drinking Glasses are common in the shops. During the last five or six years attempts have been made, generally by Persians, to establish a Glass manufactory at Kabul, but the success has not been complete in a profitable point of view. The articles fabricated are Bottles, Drinking Glasses, &c. the Glass made is slight and not very clear, but upon the whole of tolerable quality.

Cutlery of Russian manufacture exported to Bokhara, is not brought to Kabul, nor has English Cutlery ever been a subject of Trade there. Hydarabad and also Qandahar derive many articles of Cutlery from Bombay, as Razors, Scissors, Clasp Knives, &c. which would no doubt as readily sell at Kabul. These are manufactured at Kabul of inferior kinds, and of more esteemed quality at Chahar Bagh of Lughman, but they are still indifferent articles.

Loaf Sugar largely imported from Russia to Bokhara is rarely brought to Kabul, where are manufactures of a coarse article prepared from the finer raw Sugars imported from India, from which also Sugar Candies are prepared. In the Districts West of Jalalabad, as Chahar Bagh and Balla Bagh, the Sugar Cane is extensively cultivated and the products in Sugar and Goor to a large amount are disposed of at Kabul, but whether from circumstances of soil, climate, cultivation or preparation, (more probably the latter) both the Cane and its produce are inferior articles. Sugars also find their way to Kabul from Peshawr where the plant thrives better or is cultivated with more attention, and the products consequently are of a richer and finer grain than those of Jalalabad. The Sugars of India are exported from Kabul to Bokhara to a limited extent, but no British Loaf Sugar has ever arrived at Kabul, and the experiment remains untried whether it might be profitably carried to Bokhara, or be able to compete with that of Russian manufacture at that city, where from the universal habit of Tea drinking it is in general demand and consumption. The chances are in its favor, but certainly were the communications as they might and ought to be, between *India* and *Kabul* and Turkistan, the latter or at least her provinces south of the Oxus ought not to be dependant for Saccharine products on Russia.

Iron in bars, largely exported from Russia to Bokhara, does not find its way to Kabul, nor does Iron of British produce, although exported from Bombay to Kalát of Bilochistan and Qandahar. Kabul derives its Iron from the mines of Bajore, and re-exports it to Turkistan generally in the form of Horse-shoes, large quantities of which are annually sent over the Hindu Hosh mountains from Charreckar of Kohistan. Iron is not abundant at Kabul, and high priced, one and a half seer of unwrought Iron selling for the current rupee, and for the same sum half the quantity (three Charruks) of wrought Iron.

Steel of Russian fabric exported to Bokhara is not introduced at Kabul, which independantly of her own manufactures derives supplies of Indian Steel via Peshawr and Multan, and British Steel from Bombay via Qandahar.

Tin Plates or white Iron is largely brought to Bokhara from Russia, but not re-exported thence to Kabul. This article is exported from Bombay to Qandahar where there are several Dokans or shops of Whitesmiths.

Copper in Plates and Bars very extensively exported from Russia to Bokhara, is also largely exported from the latter place to Kabul, where there is a constant and important consumption of it, for the ordinary household utensils of the inhabitants, for the Copper coinage of the Government and for other various purposes. Copper from Bombay is largely introduced into Sindh, Bilochistan, and more to Qandahar. Whether it might be profitably brought to Kabul will be best determined by the prices obtained for it there. New unwrought Copper is retailed for eight rupees the seer Kabul, wrought or fashioned into vessels eleven rupees Kahum, broken Copper purchased by the Mint at seven rupees the seer. Notwithstanding the existence of Copper in many of the mountains of Afghanistan and Bilochistan, there is not a single mine worked in them, or indeed in any region between the Indus and the Euphrates, the Persians deriving their Copper via Erzerum from Asia Minor, the Uzbeks and partially the Afghans from Russia, while Qandahar and the maritime Provinces of Sindh and Bilochistan are supplied from Bombay.

Brass exported from Russia to Bokhara, is sparingly introduced into Kabul, where there is a limited but constant consumption of it in the ornaments of Horse Furniture, Military Arms and Equipments, Bells for the necks of Camels, Pestles, Mortars, &c. &c., occasionally for the casting of Guns. Brass utensils are little used by Mohammadans, but largely by Hindus, and these are brought prepared to Kabul from the Panjab.

Quicksilver is exported from Russia to Bokhara and thence to Kabul, and is employed to plate Looking Glasses, in Medicines, &c., its consumption is but limited, and it is also brought from India.

Cochineal exported from Russia to Bokhara is brought thence to Kabul, where its consumption is by the Silk-dyers. It sells for seventy rupees Kahum the maund Tabrizee or two and a half charruks of Kabul.

Tea is exported largely from Russia to Bokhara of a kind called there "Khoosh booee", this is rarely brought to Kabul, but large quantities of ordinary kinds of black and green Tea are brought there from Bokhara, which seem to be imported from China via Khokan and Yargand. A superior kind of Tea called "Bankah" is sometimes to be procured at Kabul, but not as an article for sale. The consumption of Tea will, in process of time, be very considerable at Kabul, the habit of drinking it being a growing one. At Qandahar it does not prevail, and Tea, I believe, is seldom or ever carried there for sale. As a beverage it is also nearly unknown in Bilochistan and Sindh. It is considered cheap at Kabul at six rupees the charruk or one fourth of a seer.

Honey and Wax exported largely from Russia to Bokhara are not introduced to Kabul, which is plentifully supplied with excellent qualities of these articles from its native hills, as those of Bungush, Khonur and the Sufaid Koh range.

The Trade between Russia and Bokhara yields to the Government of the latter a yearly revenue of forty thousand tillahs, collected from the Kaffilas passing to and fro. As khiraj or duty is levied at the rate of two and a half per cent. ad valorem, the whole amount of the Trade will not be less than 1,600,000 tillahs, or about 12,500,000 rupees—a large excess to the amount of Trade between Kabul and Bokhara, which would seem to be about 2,500,000 rupees.

The merchants of Kabul have many of them commercial transactions with Russia itself, and their Agents or Gomashtahs are resident at Orenberg and Astrakan, while their intercourse with India seems to exist rather from necessity than choice. The reason for the traffic of Kabul inclining towards Russia for articles of European fabric, may perhaps be discovered in the remoteness from it of any great mart for British manufactures. Bombay until lately the nearest, being to be reached by Sea, if via Karáchi Bunder, or through countries unknown even by name here, if by a land route from Hydarabad. Sea voyages are generally much dreaded, and a journey to Bombay is seldom performed by an inhabitant of Kabul, unless as a consequence of one of the last and most desperate acts of his life, the pilgrimage to Mecca. It may also in part be ascribed to the comparative facility and safety of the communications between Kabul and Bokhara, which excepting one or two points are tolerably secure, while the Rulers of the intermediate regions are content to levy moderate Badj or Duty upon merchandize, the Governments of *Bokhara* being in this respect singularly lenient and liberal. The routes between Kabul and India are with the exception of the dreary and desolate one of the Gomul, impracticable to any Kafla of whatever strength, and this can only be travelled by the Lohanis, who are Soldiers as well as merchants. But these being also a pastoral community, for the convenience of their flocks make but one visit to India during the year, and the route is closed except at the periods of their passage and return. The Lohani born and nurtured in the wilderness, and inured from infancy to hardship and danger, will encounter from custom the difficulties of the Gomul route, but the merchant of Kabul shrinks from them, and the route is likely ever to be monopolized by the Lohanis, and never to become a general one for the merchants of Kabul. The intercourse between Kabul and India would be exceedingly promoted by opening the anciently existing high road from Kabul to Multan, &c., via Bungush and Bunnu. This route is very considerably shorter, leads chiefly through a level fertile and populous country, is practicable at all seasons of the year, and no doubt could be rendered safe were the Governments on the Indus and of Kabul to co-operate.

The Traders of Russia appear very accurately to study the wants and convenience of the people with whom they traffic, and to adapt their Exports accordingly. The last year (1834) a species of Russian Chintz was brought as an experiment from Bokhara to Kabul. It was of an extraordinary breadth and of a novel pattern and was sold for three rupees the yard; in like manner was brought Nankah or Linen stamped with Chintz patterns, and the readiness with which these articles were disposed of will probably induce larger Exports. The last article is one calculated to supplant the present large importations of British Chintzes or Stamped Calicos. The advantage of superior machinery enabled the skilful and enterprising artisans of Great Britain to effect a memorable revolution in the commerce of Asia, and their White Cottons and Printed Calicos have nearly driven from its Markets the humbler manufactures of India. Slight Cotton fabrics are, of course, eminently calculated for so sultry a climate as that of India, but less so perhaps for one so variable in temperature as that of Afghanistan. Its inhabitants, while from necessity they clothe themselves in Calicos, will naturally prefer the better fabrics of Britain, but if they were offered Linens of equally fine web and beauty of printed patterns, there can be no doubt which would be selected. It is not improbable, but that sooner or later, manufactures of Flax and Hemp will in some measure supersede those of Cotton for general use in Afghanistan.

I shall close these remarks which principally turn on the Trade between Russia and Kabul viâ Bokhara, by observing that the Russian merchants so nicely study the wants and even disposition of the people with whom they traffic, that multitudes of the inhabitants of Kabul are to be seen with Chupans of Nankah on their backs, actually got up and sewn at Orenberg—while all the Shops in the City may be searched in vain for a single Button of British or indeed any other manufacture, when one, two, three or more are required for the dress of every individual, as substitutes for which they are compelled to use Thread simply twisted into a spherical shape."

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*

C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, these may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

THE encroachment of the Sea on the Island of Myporrah (commonly called Point Palmyras,) rendering it highly probable that the Light cannot be continued during the next S. W. Monsoon—Notice is hereby given, that, should such discontinuance take place, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket every half hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bearing W. b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel. It is intended at the close of the present Monsoon to cause a Survey to be held on the state of the Island, when a definite notice will be issued.

11th June, 1834. **G. J. SIDDONS**, *Collector.*

CUSTOM HOUSE NOTICES.

TO protect from **IMPOSITION** such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

CLEARANCES, whether Inward or Outward, can be given only IN REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which PORT CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

NO FEES are taken for any **AFFIDAVITS** sworn in this Office on the subject of Custom House Business; nor are any **FEES** whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of **GUNPOWDER**, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of **DOCK YARDS**, and the **PUBLIC** at large, are requested to take notice, that no Goods, nor Packages, are allowed to be **IMPORTED, EXPORTED, RE-LANDED, RE-SHIPPED, TRANSHIPPED**, or removed from **VESSELS** to **SLOOPS** or **BOATS** after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, **DUTY**. Attention is directed to Clause Seventh, Section **XLV.** to Sections **LXI. LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV.** of Regulation IX. 1810; and to Section III. of Regulation III. of 1830:—also to Clauses IV. and V. of the Government Notification of 28th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

GOODS for **ONE VESSEL** taken to **ANOTHER**.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If **GOODS** which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for **RE-LAND**, and subsequent **RE-EXPORT** to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

ROWANAHS for **GOODS RE-LANDED**.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired: and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections **XXVI.** and **XXVII.** of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[24th February 1833.]

BEBEE ROSS GHAT.—Notice is hereby given, that for some years past, Bebee Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board **NATIVE VESSELS**;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

MAFFER ROWANAHS.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the *No.* and Date of Sea Import Register must be *stated if* possible. But by Order of the Board of Customs, *dated* 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[8th April 1833.]

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued, the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*

C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects, other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, these may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for Advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*
C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*
C. S. A. F. O. 16*th Nov.* 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, these may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1831.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the under-mentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*

C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present, any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

Secy. to the Govt. of India.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

The Governor General in Council has been pleased to direct the publication of the following Extract, in continuation of the notice of the trade of Cabul:

Extract from a Letter from Mr. Masson to Captain Wade, dated the 31st May 1835.

On arrival at Kábul, I made enquiries as to the chance of disposing of Indigo and exhibited the samples sent. The quality was admitted by all, but it was asserted that the Indigo was of a kind not in use here or at Bokhara. There were many consumers who would have taken a small quantity, say 1 or 2 maunds, and have experimented upon it; but that it could be advantageously sold in Kábul is not evident. The Indigo of the vale of the Indus is now selling at Rupees 80 per maund, and the brokers say is likely to fall to Rupees 60, and these Káhum, it being known that the Lohánis have purchased their Indigo this season at the low rate of Rupees 28 per maund. The Kisht or brick-like form of the musters is objected to; the dump form being preferred. The Indigo received from the vale of the Indus, is packed first in a cotton bag; then cased with untanned skin, and covered with júál or nummad. Three maunds are put into each package, and two of them are a load for a Camel. Occasionally the packages are of four maunds each. The hire of a Camel from Multan to Kábul is 16 Rupees, and duty is collected at the two Dorahs, at Ghazní and Kábul.

Two Kafilas from Turkistan remain at Khalam fearful to advance to Kábul, and a third is at Koshan in the same predicament. From the latter a quantity of gold thread and tillahs of Bokhara have been sent to Kábul.

Gold is very cheap. The tillah current for 8 Rupees, and the ducat for 5½ Rupees; the former Rupees Kahum. Chintzes, Black Pepper, and Drugs from Bombay have been received at Kábul viâ Kandahar. The Chintzes sold at low prices, and are retailed at ¼ Rupee the yard. Black Pepper was at first sold for 44 Rupees pukhtah per maund, ready money; afterwards fell to Rupees 40; then advanced to 44, 48 and Rupees 50, successively, and is in demand.

Shir Khirst, or Manna, sold for Rupees 50 pukhtah per maund Tabrezí—ready money. Some Camphor also arrived, but has not yet been sold.

(True Extract.)

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

M. and ending at 5 A. M.

2. The Vessel on board of which such Senior Pilot may be will be instructed to take up a position, the Point bearing W b. N. distant 18 miles, and in 18 or 20 fms. water, and to keep in that position during the night as near as possible.

3. The Vessel on board of which the next turn Pilot may be will be directed to burn a Maroon every half hour, i. e. one quarter of an hour after the burning of the Blue Light and firing of the Rocket—and Vessels wanting a Pilot are required to make for the Vessel so burning the Maroon, if they can do so without inconvenience, as referred to in the Notification issued from this Office under date 1st July last.

4. FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter *in quadruplicate to the Court* of Directors, according to a form which will be furnished *by the Board of Trade, signifying* their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either *principal* or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*

C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, there may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms *following*:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

CIVIL ANNUITY FUND.

NOTICE is hereby given, that the Annual General Meeting of the Subscribers to the Civil Service Annuity Fund will be held at the Town Hall, at 12 o'Clock, on Friday, the 1st January next, for the purpose of Auditing the Accounts of the past year, and for the election of Five Managers of the Fund for the year 1836.

A Special General Meeting will also be held on the same day and hour, to consider the result of the reference made to the Subscribers at large, on the subject of the propositions contained in the undermentioned Extract from a Letter from the Hon'ble Court of Directors.

J. W. ALEXANDER, *Secretary.*
C. S. A. F. O. 16th Nov. 1835.

Extract from a Letter from the Hon'ble the Court of Directors in the Financial Department, dated the 27th May, 1835.

Para. 1. Our attention has lately been given to Memorials from the Members of the Civil Service upon the Bengal and Bombay Establishments, praying that such modifications may be made in the Regulations of the Annuity Fund, as will enable it to apply unappropriated Annuities.

2. Towards the accomplishment of that object we are prepared to suspend for the present any deduction from our contribution or from the rate of interest allowed on the accumulations of the Fund, for which provision is made in the 62nd para. of our Letter in the Public Department of 8th December, 1824, and to sanction the following arrangements. The Funds may grant at half their value, pensions to Civil Servants, who, after a residence in India of not less than 10 years, shall, previously to completing the prescribed term of 22 years' residence, be compelled, by illness, to leave India with the intention of quitting the Service, such illness to be certified by the Medical Attendant of the Subscriber, and countersigned by a Member of the Medical Board in all cases occurring after the receipt of this dispatch, and confirmed in each instance of retirement by our examining Physician, after the individual shall have completed a subsequent residence in this country of at least twelve months. It occurs to us that the following would be a suitable scale for such cases.

After a residence of 15 years and upwards, £500 a year.

Ditto of 10 years, and less than 15 years, £250 a year.

These Pensions are to be of course granted only in case of an equivalent amount of the larger Annuities, within the limit prescribed by us, remaining unappropriated.

3. The case of Servants, compelled by sickness to quit India previously to having completed ten years' residence, would, we think, be properly met, upon the production of the Certificates above required by the grant from the Unappropriated Funds of a Donation of £500.

4. In considering what further measures can be taken upon this subject, we have adverted to our dispatch, dated the 5th of March, 1828, and we now authorize the payment in India of the Annuities to Civil Servants, who after becoming Annuitants, may wish to reside there; such payment to be made in cash in India at the rate fixed by the Regulations of the Fund.

5. We shall also be prepared to acquiesce in a Regulation to the following effect, if adopted by the Subscribers; viz.

That at the close of every year, the number of unaccepted Annuities be publicly declared; and that two-thirds of them be appropriable to Subscribers duly qualified in the order of Seniority as respects the Applicants within the period of three months from the time of the Surplus being declared, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one-fourth, instead of one-half of the value of the Annuity, and that in the event of the accumulated Subscriptions with interest exceeding the said one-fourth, the balance with interest be returned to the Subscriber; that the remaining one-third of Annuities, together with such of the two-thirds as shall not be claimed within the period of three years from the time of declaring the Surplus, shall lapse to the Fund.

6. The Regulation last authorized is to be continued in force for such limited period as will afford a fair trial of its effects. We are disposed to consider three years, after the 30th April next, as a suitable time; and we desire that twelve months before the expiration of the period so fixed, these may be transmitted to us particular information of the state of the Civil Annuity Funds at that date, and of the effects produced by the modification of the conditions of the Funds to which we now refer, in order that we may determine upon the propriety of its continuance or otherwise.

7. It is proposed by the Subscribers that the Annuities shall be paid quarterly and up to the period of decease. To this arrangement we have no objection, provided the sum paid to the Fund by the Subscriber, upon becoming an Annuitant, be proportionately increased. Unless this be done, the calculations upon which the Fund is based will be deranged. We must further observe upon this part of the subject that the payment by the Subscriber must be the whole, and not (as the Subscribers have assumed) the half of the value of the increased advantage.

8. With this modification we sanction the proposed arrangement, and shall not object to give the benefit of it to such of the present Annuitants as shall apply for it, and pay the required sum into our Treasury.
